INTRODUCTION TO THE ESTIMATES

The Estimates for each fiscal year is presented to the Legislative Assembly by the Minister of Finance and Corporate Relations.

The *2001/02 Estimates* is presented on the Summary Accounts basis, which combines the Consolidated Revenue Fund and Crown corporations and agencies. The Estimates includes a pro-forma Summary Accounts balance sheet; the operating revenues and expenses of the Consolidated Revenue Fund combined with the operating results of Crown corporations and agencies; and, non-operating financial requirements (financing transactions) of the broadly defined government entity for the coming fiscal year. The Estimates also includes, for comparative purposes, budget and revised forecast information for the 2000/01 fiscal year.

The Consolidated Revenue Fund is comprised of the General Fund and the Natural Resource Community Fund Special Fund. All expenditures from the Consolidated Revenue Fund must be authorized by an appropriation, either through a *Supply Act* or through a specific provision in another statute. The General Fund is the main operating account of government and includes a number of Special Accounts which provide statutory authority for specific expenditures. The Natural Resource Community Fund Special Fund also provides statutory authority for spending which has been dedicated for a specific purpose.

In addition to disclosing the pro-forma balance sheet and expected operating results and financing transactions of the Summary Accounts entity, the Estimates forms the basis for annual Consolidated Revenue Fund appropriations approved by the Legislative Assembly through a *Supply Act*. Votes contained in the Consolidated Revenue Fund provide the framework for legislative control of government spending since funds can only be expended for purposes stated in the Estimates and expenses cannot exceed individual vote totals without legislative authority. Voted expenses are detailed by sub-votes and group account classification in the Estimates. Voted, Special Account and Special Fund expenses are detailed by standard object of expense in the *Supplement to the Estimates*. This more detailed presentation is intended to provide additional information and establishes a framework for administrative control by Treasury Board over special office and ministry expenses.

The *2001/02 Estimates* is comprised of three separate sections.

- Summary Information – this section of the Estimates provides an overview of the financial plan for the Summary Accounts for the 2001/02 fiscal year. The section begins with an outline of the accounting policies on which the Estimates has been prepared and significant presentation changes in the Estimates from the previous year. The first three tables focus on the balance sheet, aggregate operating and financing transactions of the Summary Accounts, and the resulting changes in the accumulated deficit. The fourth table summarizes the operating results of Crown corporations and agencies and combines these results with the Consolidated Revenue Fund operating result to arrive at the Summary Accounts Surplus (Deficit). The fifth table summarizes estimated Consolidated Revenue Fund operating revenue by major source together with estimated operating expenses for special offices, ministries and other appropriations.

The sixth table reconciles the Summary Accounts Surplus (Deficit) to the change in taxpayer-supported debt; and discloses total debt. The seventh table provides a more detailed presentation of estimated Consolidated Revenue Fund revenue and summarizes revenues that are collected by the province on behalf of, and transferred to, Crown corporations, agencies and other entities. The final table in this section details Consolidated Revenue Fund expense by voted appropriation and by Special Account and Special Fund.

- Estimates of Special Offices, Ministries and Other Appropriations – this section presents detailed information on Consolidated Revenue Fund operating expenses, capital expenditures and financing transactions. The Legislative Assembly will be asked to approve Consolidated Revenue Fund expenses through a *Supply Act* based on the detailed information that is provided in this section. The *Supply Act* will provide the legislative authority for voted appropriations and financial requirements. Expenses from Special Accounts and the Special Fund are disclosed in the Estimates, however, they are not included in *Supply Act* totals since they have existing statutory authority.

Each special office and ministry is presented on a similar basis, starting with a summary page. Total voted and statutory (Special Accounts and the Special Fund) expense is shown, as well as capital and other financing transactions which are the responsibility of the special office or ministry. The summary page discloses expenses on both the gross (before deducting external recoveries) and net (after deducting external recoveries) basis. Also included on the summary page of each special office and ministry is the estimated fulltime equivalent (FTE) employment for the fiscal year. Details on each of the expense items appearing on the summary page follow, commencing with voted appropriations which include a description of the purpose for each vote and the related expense.

- Schedules – the last section of the Estimates consists of supporting schedules that include detailed Consolidated Revenue Fund expense, FTE and capital expenditure reconciliations to restate the 2000/01 Estimates to be consistent with the *2001/02 Estimates* presentation; summaries of operating and financial requirements and opening and closing balances for all Special Accounts and the Special Fund; summaries of major ministry and taxpayer-supported Crown corporation and agency related financial transactions; a summary of FTE staff utilization by special office, ministry and taxpayer-supported Crown corporation/agency; a schedule describing pension accounting changes and joint trusteeship; a fully consolidated statement of revenues and expenses by function; a statement comparing gross and net Consolidated Revenue Fund revenues and expenses; and, summaries of taxpayer-supported Crown corporation and agency revenues and expenses.

EXPLANATORY NOTES

Recoveries in the Estimates

As in previous years, the 2001/02 *Estimates* contains several votes and sub-votes where recoveries are applied against expenses. In these situations, the phrase "net of recoveries" appears beside the expense description and the total recoveries amount is disclosed in the group account classification on the opposite page.

There are two forms of recoveries:

Internal Recoveries

Internal recoveries represent transfers within the Consolidated Revenue Fund and generally comprise interministry chargebacks for costs budgeted centrally in government for the provision of certain goods and services that are recovered from areas elsewhere in government that consume those goods and services. Internal recoveries include employee benefits, postal services, Queen's Printer services and Provincial Treasury banking charges.

External Recoveries

External recoveries represent recoveries to the Consolidated Revenue Fund from entities outside of the Consolidated Revenue Fund, and include costs and amounts recovered from government corporations, other levels of government and non-government organizations; individuals; and businesses. External recoveries also include sinking fund interest earnings; the amortization of previously established liabilities; an offset for commissions paid for the collection of government revenues and accounts; and increases in provisions for or the write-off of uncollectible revenue-related accounts. An example of a major external recovery is interest costs relating to funds borrowed by government and reloaned to public bodies.

Authority to Spend Estimated Recoveries

Consolidated Revenue Fund expense budgets are established on the basis of the gross amount of funds required for a particular purpose, with anticipated recoveries then being deducted to arrive at the net expense. A shortfall in anticipated recoveries would cause net expenses to increase. Section 23(3) of the *Financial Administration Act* provides that where a vote in the Estimates approved by the Legislature shows an item as a credit or recovery, the vote is deemed to authorize the payment of the net expense plus the amount of the credit or recovery that is budgeted, whether or not this latter amount is actually realized. Under-realization of recoveries would have the same effect on the Consolidated Revenue Fund operating result as an equivalent shortfall in anticipated government revenue.

Authority to Spend Excess Recoveries

Section 23(3) of the *Financial Administration Act* also provides that excess Consolidated Revenue Fund recoveries (amounts earned over and above those shown in the Estimates approved by the Legislative Assembly) may be used for additional expenses, with the prior approval of Treasury Board. This incremental spending would have no impact on net budgeted Consolidated Revenue Fund expenses since the incremental recoveries would offset the incremental spending.

Capital Acquisitions

The government capitalizes certain capital assets in its financial statements. The annual cost of these acquisitions is shown in each ministry's section of the Estimates, and is summarized in Schedules D and D1. The cost of these acquisitions is not included in ministries' operating budgets but is instead voted as one amount in the *Supply Act*. The amortization cost of tangible capital assets held by the Consolidated Revenue Fund is included in ministry operating budgets. The government also provides capital funding to organizations within and outside of the Summary Accounts entity to fund public infrastructure. Schedule C summarizes this funding. The amortization cost of these advances is included in ministry operating budgets.

ESTIMATES ACCOUNTING POLICIES AND PRESENTATION CHANGES

Estimates Accounting Policies

- 1 The Estimates is prepared on the Summary Accounts basis. The Summary Accounts combines the Consolidated Revenue Fund, which consists of the General Fund (voted appropriations and all Special Accounts), and the Natural Resource Community Fund Special Fund, with the operating results of Crown corporations and agencies.
- 2 The accounting policies followed in the Estimates comply, in all material respects, with Generally Accepted Accounting Principles (GAAP) for senior governments as modified by the Public Sector Accounting Board (PSAB), with the following exceptions:
 - a. Reporting Entity – the government's Summary Accounts combine the Consolidated Revenue Fund with the operating results of Crown corporations and agencies. PSAB defines the government reporting entity to include organizations that are accountable for the administration of their financial affairs and resources either to a minister of the government or directly to the legislature, and are owned or controlled by the government. In the Auditor General's opinion, adoption of the PSAB recommendation would result in the inclusion of the Schools, Universities, Colleges and Hospitals (SUCH) sectors in the Summary Accounts. The government's position is that the SUCH agencies are directly accountable to independent bodies and not to the provincial government. Therefore, the SUCH sectors are not included in the Summary Accounts. Inclusion of the SUCH sectors in the 1999/00 Public Accounts would have reduced the Summary Accounts surplus by \$13 million. In the previous three years, inclusion of the SUCH sectors would have slightly reduced the Summary Accounts deficit. The Auditor General has qualified his opinion on the government's Summary Financial Statements as a result of the exclusion of the SUCH sectors.
 - b. Consolidation – the Estimates consolidates taxpayer-supported Crown corporation/agency results using the modified equity basis, which includes the profits/losses of the Crowns/agencies in the Summary Accounts rather than individual revenues and expenses. PSAB recommends line-by-line consolidation for taxpayer-supported entities, which would add the Crown/agency revenues and expenses to the Summary Accounts. Both consolidation methods arrive at the same bottom line surplus (deficit). In the government's opinion, modified equity provides more transparent disclosure of the component parts of the Summary Accounts than line-by-line consolidation. The Public Accounts comply with PSAB consolidation policies. Schedule I discloses fully consolidated revenues and expenses for the Summary Accounts for information purposes.

Although the Liquor Distribution Branch is part of the Ministry of the Attorney General and not a Crown corporation, it is treated as a separate entity and is consolidated on the modified equity basis in both the Estimates and the Public Accounts.
 - c. Expense Basis Surplus (Deficit) – the Summary Accounts deficit includes the effects of capitalizing tangible capital assets. PSAB currently recommends that the impact of capitalization be reversed before the bottom line is calculated. The Auditor General concurs with the inclusion of the effects of capitalization of tangible capital assets in the determination of the Summary Accounts bottom line.
 - d. Prepaid Capital Advances – Prepaid Capital Advances are provided to school districts, post secondary institutions, health organizations and other specified government organizations to fund capital asset acquisitions. The province has an ongoing claim to these assets and, accordingly, capitalizes the advances and amortizes them over the useful life of the underlying capital assets. PSAB recommends that governments fully expense these advances in the year they are disbursed. The Auditor General concurs with the government's Prepaid Capital Advances accounting policy.
- 3 Pensions – when the 2000/01 Estimates were prepared, government accounting policy recorded net cash contributions to pension plans as pension expense, adjusted by amortization of the change in unfunded pension liability and the impact of any plan amendments. During the 2000/01 fiscal year the government changed its pension accounting policy, to conform with new PSAB guidelines that are followed by most other provinces, and require pension expense to include an estimate of the annual cost of earned employee benefits and the net interest earnings of the pension plan. This change was reflected in the 1999/00 Public Accounts. The impact of the accounting policy change is a reduction in 2000/01 Estimates and Forecast expenses and 2000/01 Estimates Consolidated Revenue Fund Operating Result and Summary Accounts deficit of \$368 million; and an increase in the 2000/01 Forecast Consolidated Revenue Fund Operating Result and Summary Accounts surplus of the same amount. These are non-cash adjustments, therefore, they do not affect government debt. The 2000/01 Estimates comparative figures have been restated to reflect this change in accounting policy.

ESTIMATES ACCOUNTING POLICIES AND PRESENTATION CHANGES – (Continued)

Estimates Accounting Policies – (continued)

- 4 **Joint Trusteeship** – the government has been recording unfunded pension liabilities for several government sponsored defined benefit pension plans – primarily the Public Service Pension Plan (PSPP), the Teachers' Pension Plan (TPP) and the Municipal Superannuation Plan (MSP). Previous actuarial assessments of these pension plans determined that the plans were insufficiently funded to provide pensions to existing plan members upon their retirement. At March 31, 1994 the pension liability in the Consolidated Revenue Fund and Summary Accounts was estimated to be \$2,900 million. Subsequent actuarial valuations have shown significant improvement in the plans, with the PSPP now in a surplus position and the TPP and MSP moving closer to balanced positions. The government has been amortizing the improvement in the pension liabilities, in accordance with pension accounting guidelines, over periods of 10 to 13 years. At March 31, 2000 the unamortized liability was \$2,046 million.

The government has been negotiating joint trusteeship agreements with plan members. Joint trusteeship results in control of the pension plan and its assets being assumed by a newly constituted pension board that is made up of government and plan member representatives. Joint trusteeship effectively eliminates government's direct responsibility for unfunded pension liabilities and any government claim to pension fund surpluses. Accordingly, the pension liability/surplus on the government's balance sheet is eliminated in the fiscal year in which the joint trusteeship agreement is given legal effect. The agreements are given legal effect by the passing of an Order in Council. The elimination of the pension accounting surplus/deficit is accompanied by a corresponding increase/decrease in government expenses.

Previous amortization of the PSPP liability/surplus resulted in a PSPP surplus (asset) of \$112 million accruing on the government's balance sheet when the PSPP joint trusteeship Order in Council was passed. When joint trusteeship took effect in 2000/01, the government gave up its claim to this surplus, therefore, the asset was written off and a \$112 million expense was recognized. An anticipated joint trusteeship agreement for the MSP early in fiscal 2001/02 will result in the elimination of an accounting liability of approximately \$150 million and an equivalent reduction in government expenses. An anticipated joint trusteeship agreement for TPP early in fiscal 2001/02 will result in a reduction of the accounting liability for TPP of approximately \$1,240 million and an equivalent reduction in government expenses. Since these are non-cash adjustments, government debt is not affected. See Schedule H for further details.

Significant Presentation Changes in the 2001/02 Estimates

In order to improve disclosure and better match the Estimates with the Public Accounts, the following significant presentation changes have been incorporated into the 2001/02 Estimates:

- 1 **Balance Sheet** – Commencing with the 2001/02 fiscal year, the Estimates includes a pro-forma Summary Accounts Balance Sheet. The balance sheet discloses estimated significant asset and liability balances and the net equity position. Certain assets and liabilities, such as accounts receivable, accounts payable, prepaid expenses and deferred revenues are combined into a single working capital category on the balance sheet.
- 2 **Net Reporting/Gross Reporting** – In many instances, Consolidated Revenue Fund expenses have been reduced by the amount of recoveries expected to be received from other parties for services rendered. Similarly, some Consolidated Revenue Fund revenues are reported net of transfers to Crown corporations and agencies or other entities (see Schedule F). In addition, each taxpayer-supported Crown corporation and agency's net income/loss, rather than individual revenues and expenses, is included in the Summary Accounts.

In order to provide more complete disclosure, the 2001/02 Estimates includes a schedule of Consolidated Revenue Fund gross revenues and gross expenses by ministry and special office (Schedule J). In addition, the first page of each ministry's section of the Estimates discloses both gross and net expenses. Finally, the 2001/02 Estimates includes a fully consolidated statement of revenues and expenses for the Summary Accounts (Schedule I). In addition to reporting gross revenues and expenses for the Consolidated Revenue Fund, this schedule consolidates the revenues and expenses of the taxpayer-supported Crown corporations and agencies and the bottom line results of the self-supported Crowns and agencies. This information will provide the government with budgeted amounts against which actual amounts reported in the Public Accounts can be compared.

- 3 **Capitalization** – Government is implementing the capitalization and amortization of tangible capital assets over several years. In addition to asset classes that have previously been capitalized, effective 2001/02, land improvements are being capitalized. Capitalization of land improvements increased 2001/02 operating expenses by \$4.7 million (2000/01 - \$4.5 million) and increased 2001/02 capital expenditures by \$2.0 million (2000/01 - \$1.2 million). Since the amounts are not material, the 2000/01 Estimates and Forecast have not been restated.
- 4 **Taxpayer-Supported Crown Corporations/Agencies** – Commencing with the 2001/02 Estimates Fulltime Equivalent Employment estimates for significant taxpayer-supported Crown corporations/agencies have been added to Schedule G. In addition, the revenues and expenses of significant taxpayer-supported Crown corporations/agencies are disclosed in Schedule K.

ESTIMATES ACCOUNTING POLICIES AND PRESENTATION CHANGES – (Continued)**Significant Presentation Changes in the 2001/02 Estimates – (continued)**

- 5 **Restatement of 2000/01 Estimates** – The 2000/01 Estimates have been restated to reflect the retroactive application of the change in pension accounting policy and the reclassification of certain capital maintenance expenditures, previously accounted for as prepaid capital advances, as operating expenses. The impact of the pension accounting policy change is disclosed in Note 3 in the Estimates Accounting Policies.

The reclassification of expenses relates to funding provided to third parties for capital asset maintenance and repairs that was previously accounted for as prepaid capital advances (capital expenditures). A review of these expenditures determined that some would be more appropriately accounted for as operating expenses. The reclassification increases the 2000/01 Estimates and Forecast Consolidated Revenue Fund expenses by \$145.7 million; reduces the 2000/01 Estimates Consolidated Revenue Fund Operating Result and Summary Accounts deficit \$145.7 million; and reduces the 2000/01 Forecast Consolidated Revenue Fund Operating Result and Summary Accounts surplus by the same amount. The reclassification does not affect government debt.

ESTIMATED SUMMARY ACCOUNTS BALANCE SHEET

Revised Forecast ¹ March 31, 2001 \$000		Estimates March 31, 2002 \$000
Assets		
731,000	Cash and Temporary Investments	375,000

(3,471,000)	Net Equity/(Deficiency)	(2,381,000)
<u>31,250,000</u>		<u>31,751,000</u>

NOTES

¹ Since a Summary Accounts balance sheet was not prepared for the 2000/01 Estimates, comparative 2000/01 Estimates amounts are not available.

² Working capital includes accounts receivable, inventories, accounts payable, accrued liabilities and deferred revenues. A negative amount indicates a working capital deficiency.

³ Includes loans to Crown corporations and agencies for the purchase of capital assets.

⁴ Investment in capital assets and prepaid capital advances are reported net of amortization.

⁵ Represents loan guarantees, and Crown corporation and other debt, which has not been borrowed from or guaranteed by the provincial government.

ESTIMATED SUMMARY ACCOUNTS SURPLUS (DEFICIT) OVERVIEW

Estimates ¹ 2000/01 \$000	Revised Forecast 2000/01 \$000		Estimates 2001/02 \$000
21,500,000	24,030,000	Consolidated Revenue Fund Revenue ²	24,585,000

ESTIMATED SUMMARY ACCOUNTS ACCUMULATED SURPLUS (DEFICIT)

Estimates 2000/01 \$000	Revised Forecast 2000/01 \$000		Estimates 2001/02 \$000
(4,940,000)	(4,940,000)	Accumulated Deficit, Beginning of Year ³	(3,471,000)
	152,000	Adjustment for Accounting Policy Change in Respect of Tangible Capital Assets ⁴	
(4,940,000)	(4,788,000)	Accumulated Deficit, Beginning of Year, Restated	(3,471,000)
(1,055,700)	1,317,000	Summary Accounts Surplus (Deficit) for the Year	1,090,000
(5,995,700)	(3,471,000)	Accumulated Surplus (Deficit), End of Year	(2,381,000)

NOTES

¹ To conform with the 2001/02 Estimates presentation, the 2000/01 Estimates and Revised Forecast amounts have been restated to reflect a change in pension accounting policy and a reclassification of certain capital maintenance expenses from Prepaid Capital Advances to Consolidated Revenue Fund expenses. The net effect of these restatements is a reduction in the 2000/01 Estimates Consolidated Revenue Fund Operating Result and Summary Accounts Deficit of \$222.3 million and an increase in the 2000/01 Forecast Consolidated Revenue Fund Operating Result and Summary Accounts surplus of the same amount. Neither of the adjustments requires restatement of the opening Accumulated Deficit since the pension accounting policy change was reflected in the 1999/00 Public Accounts and the estimated prior years' effect of the capital maintenance adjustment is not material. See Estimates Accounting Policies Note 3 for further details on the pension policy change and Significant Presentation Changes in the 2001/02 Estimates Note 5 for details on the expense reclassification.

² Consolidated Revenue Fund Revenue excludes dedicated revenues collected on behalf of, and transferred to, Crown corporations and agencies (see page 11).

³ The 2000/01 Estimates and Revised Forecast amounts for the beginning of the fiscal year are as reported in the 1999/00 Public Accounts.

⁴ The 2000/01 Revised Forecast amount represents the effect of the capitalization of land improvements (\$120 million) and office furniture and equipment (\$32 million) in 2000/01 that had previously been written off and charged to the accumulated surplus. This amount will be shown as a prior period adjustment in the 2000/01 Public Accounts.

NOTES

¹ See note 1 on page 6 for details on 2000/01 Estimates restatement.

² See Schedule K for details on revenues and expenses.

³ Includes dividends from the British Columbia Buildings Corporation and other taxpayer-supported Crowns/agencies.

⁴ Adjustments to make Crown corporation and agency accounting policies consistent with government accounting policies – primarily related to the amortization of highway infrastructure in the BC Transportation Financing Authority.

⁵ Includes 552513 BC Ltd (Skeena Cellulose); Columbia Power Corporation; and the Provincial Capital Commission.

⁶ Dividends from self-supported Commercial Crown corporations and agencies (see page 10) are eliminated to avoid double counting.

⁷ Includes adjustments for British Columbia Hydro and Power Authority Rate Stabilization Fund transfers, and British Columbia Lottery Corporation transfers to charities and local governments.

(577,700)	1,303,000	Consolidated Revenue Fund Operating Result	1,680,000

NOTES

¹ The 2000/01 Estimates and Revised Forecast amounts have been restated to conform to the 2001/02 Estimates presentation (see Note 1 on page 6). Schedule A presents a detailed reconciliation of all expense restatements.

² Excludes revenue collected on behalf of, and transferred to, Crown corporations and agencies, and other entities (see page 10 and Schedule F).

³ Expenses are reported after deducting cost recoveries received from other entities within, and external to, the Consolidated Revenue Fund (see Schedule J for a reconciliation of gross expenses).

⁴ See page 17 for details on Other Appropriations.

⁵ Represents the expense portion of the BC Energy Rebate program (see Note 3 on page 10).

⁶ See Estimates Accounting Policies Note 3 for details on the accounting policy change. The net effect of the accounting policy change on 2001/02 is not significant since the pension governance changes resulting from Joint Trusteeship eliminate the government's sole responsibility for unfunded pension liabilities and claim on pension fund surpluses, both of which were resulting in large negative expenses in the government's accounts. See Schedule H for further details.

⁷ See Estimates Accounting Policies Note 4 and Schedule H for details on Joint Trusteeship.

**RECONCILIATION OF SUMMARY ACCOUNTS SURPLUS (DEFICIT) TO CHANGE IN TAXPAYER-SUPPORTED DEBT
AND STATEMENT OF TOTAL DEBT ¹**

		Self-Supported Debt (net of guarantees)	7,611,900
600,000	1,466,100	Warehouse Borrowing ⁷	600,000
		Forecast Allowance	300,000
35,801,500	33,150,000	Total Debt	34,009,000

NOTES

¹ Further details on debt are provided in Table H10 in the 2001 Budget Reports.

² For purposes of the debt reconciliation a surplus is shown as a negative amount since it reduces government debt. Conversely, a deficit is shown as a positive amount since it increases government debt.

³ Represents the elimination of self-supported Crown corporation/agency income which is included in the Summary Accounts surplus/deficit but has not been transferred to the Consolidated Revenue Fund. The excess earnings remain in the Crown corporation/agency and reduce self-supported Crown corporation/agency debt.

⁴ These adjustments include, primarily, the amortization of capital assets less pension related adjustments.

⁵ The 2000/01 Revised Forecast includes taxpayer-supported third party guarantees. The amount reported in the 1999/00 Public Accounts (\$24,794 million) is net of guarantees.

⁶ Includes, primarily, the debt of Columbia Basin Power Company and Columbia Power Corporation.

⁷ Represents debt issued in advance of borrowing requirements.

ESTIMATED CONSOLIDATED REVENUE FUND REVENUE

Estimates 2000/01 ¹ \$000	Revised Forecast 2000/01 ¹ \$000		Estimates 2001/02 ¹ \$000

<u>1,448,000</u>	<u>1,519,000</u>	Total Contributions from Government Enterprises	<u>1,440,000</u>

NOTES

¹ Revenue amounts exclude dedicated revenue collected on behalf of, and transferred to, Crown corporations and agencies (see page 11).

² BC Family Bonus entitlements of \$80 million (\$85 million in 2000/01), representing the portion of total entitlements paid to low income families to help reduce their provincial tax liability, are deducted from personal income tax revenue. The remainder is reported as program expense and is included in the BC Family Bonus vote.

³ Revised Forecast amounts are net of BC Energy Rebate payments of \$36 million, representing the portion of total rebates that effectively reduce the recipient's personal income tax. The remaining cost of the program (\$42 million), which includes administration costs, is included in Consolidated Revenue Fund expenses (see page 8). This is a one time program, therefore, there are no related revenue offsets or expenses in 2001/02.

⁴ Revenue is net of home owner grants of \$505 million (\$502 million in the 2000/01 Estimates and \$495 million in the 2000/01 Revised Forecast). Home owner grants are claimed by eligible homeowners as, firstly, a reduction from gross residential (school purpose) taxes, and, secondly, from other property taxes.

AUDITOR GENERAL

Estimates 2000/01 \$000		Estimates 2001/02 \$000
6,825	Total Vote	7,817
95	Fulltime Equivalent (FTE) Employment	103

VOTE DESCRIPTION

This vote provides for the operation of the Office of the Auditor General including the Office of the Sustainability Commissioner. The Auditor General is an officer of the Legislature with a mandate to meet the requirements of the *Auditor General Act* including: examination of the accounts and records of the government; issuance of audit reports on the government's financial statements; submission of an annual report to the Legislative Assembly on the work of the office; other reports; and auditing a number of Crown corporations and other public bodies. Provision is made for a government transfer to the Canadian Comprehensive Auditing Foundation. Costs incurred for certain audits and related services are recovered.

VOTE DESCRIPTION

This vote provides for the salaries and expenses of the office of the Information and Privacy Commissioner. The Commissioner is an officer of the Legislature under the *Freedom of Information and Protection of Privacy Act* (FOIPPA) with a broad mandate to protect the rights given to the public under FOIPPA. This includes conducting reviews of access to information requests, investigating complaints, monitoring general compliance with the Act, and promoting freedom of information and protection of privacy principles. Costs related to the Freedom of Information and Protection of Privacy Conferences are fully recovered.

1,324	Total Vote	1,355
12	Fulltime Equivalent (FTE) Employment	12

VOTE DESCRIPTION

This vote provides for the operation of the Office of the Child, Youth and Family Advocate. The Advocate is an officer of the Legislature with a mandate under the *Child, Youth and Family Advocacy Act* to ensure that the rights and interests of children, youths and their families relating to designated services are protected and advanced. The Advocate assists and supports children and youths in obtaining access to government services, ensures appropriate and effective review and appeal processes are in place, and provides information and advice to government and communities about services for children, youths and their families. The Advocate also supports, promotes and coordinates the establishment of advocacy services for children, youths and their families in their local communities. Contributions are provided to community-based advocacy projects in support of child and youth issues.

Estimates 2000/01 \$000		Estimates 2001/02 \$000
4,610	Total Vote	4,765
50	Fulltime Equivalent (FTE) Employment	50

VOTE DESCRIPTION

This vote provides for the salaries, benefits, and expenses for the operation of the office of the Ombudsman. The Ombudsman is an officer of the Legislature. Under the authority of the *Ombudsman Act*, the Ombudsman may investigate, either in response to a specific complaint or on the Ombudsman's own initiative, the actions and decisions of government bodies. The jurisdiction of the Ombudsman extends to ministries of the province, Crown corporations, provincially appointed agencies, boards and commissions, school districts, colleges, universities, hospitals, governing bodies of professional and occupational associations, local governments and regional districts. The Ombudsman may undertake initiatives to increase public understanding of the role of the Ombudsman, and to improve government's and other public bodies' commitment to respect the principles of administrative fairness and natural justice. Some costs incurred are recovered from agencies, individuals, organizations, or other levels of government. Recoveries are also received from the distribution of materials developed by the office.

40,607	Total Vote	56,891

VOTE DESCRIPTION

This vote provides for ministry programs and activities including:

- (a) *Minister's Office* – This sub-vote provides for the office of the Minister of Aboriginal Affairs, and includes the salaries of the minister, the minister's staff and related office expenses.
- (b) *Corporate Services* – This sub-vote provides for: executive direction for the ministry and for financial, administrative, and human resources; information systems; records management and freedom of information and protection of privacy services; communication and issues management services. Government transfers are made to First Nations and others in support of aboriginal issues. Costs are partially recovered from the federal government for communications expenses and from parties external to government for ministry services.
- (c) *Negotiations* – This sub-vote provides for: co-ordination and management of the province's participation in the negotiation of, and consultation on, treaties, interim measures, and other specific issues with First Nations, the federal government, third party advisory groups and others; the administration of the First Citizens' Fund special account; and support to First Nations' advisory committees and boards. Provision is made for government transfers to First Nations and others in respect of their participation in the treaty process; and to various First Nations and other organizations for interim measures, heritage, language and culture programs, aboriginal community development, and to support intergovernmental policy forums. Recoveries are received from the federal government for costs incurred pursuant to federal/provincial agreements.
- (d) *Negotiations Support* – This sub-vote provides for: treaty mandate and policy development; treaty implementation support; province-wide consultation; provision of land and resource information; treaty related measures implementation and negotiation of cost-sharing arrangements with the federal government. Government transfers are provided to the British Columbia Treaty Commission to fund operations and various tripartite initiatives, and to provide support for First Nations; to First Nations and others to support intergovernmental policy forums, for resource inventory projects, treaty related measures and for pre-treaty consultation and negotiation. Recoveries are received from the federal government for costs incurred pursuant to federal/provincial agreements.

- (e) *Treaty Settlement and Implementation Costs* – This sub-vote provides for the settlement and implementation costs of treaty agreements which have been ratified by British Columbia, Canada and First Nations. Costs are amortized over the period of the capital transfer identified in the agreements. The sub-vote also provides for payments to the McLeod Lake Indian Band under the McLeod Lake Adhesion to Treaty No. 8 and Settlement Agreement and for third party costs. Recoveries are received from the federal government.

This vote provides for ministry programs and operations including:

- (a) *Minister's Office* – This sub-vote provides for the office of the Minister of Advanced Education, Training and Technology and Minister Responsible for Youth, and includes the salaries of the minister, the minister's staff and related office expenses.
- (b) *Program Management* – This sub-vote provides for:
 - (i) *Corporate Services* – provides for executive direction for the ministry, corporate policy, research, evaluation and accountability, intergovernmental relations, labour market policy and information, and advanced education and labour market-related communications services. Also provides for management and program support for the planning and delivery of the Youth Community Action and Student Summer Works programs, as well as co-ordinating government-wide youth programs under Youth Options BC, in support of the Minister's role as Minister Responsible for Youth. Government transfers are provided for the ministry's share of the operating expenses of the Council of Ministers of Education (Canada), Forum of Labour Market Ministers, and national and international education initiatives; and
 - (ii) *Post Secondary Education Programs* – provides for management and program support for post secondary education programs, including student financial assistance programs. Recoveries are received from participation in federal/provincial agreements and activities.

Vote 11 – Continued

- (c) *Post Secondary Education Programs* – This sub-vote provides for:
 - (i) *Educational Institutions and Organizations* – provides for government transfers toward the operating expenses of provincial universities, university colleges, colleges, institutes, educational agencies, and other educational partnership organizations. Also provides for instruction, research, support services, student services, and matching government transfers to encourage donations for scholarships, bursaries, equipment and library resources in university colleges, colleges, institutes, and educational agencies. Government transfers are also provided for the Commonwealth of Learning and educational activities targeted to international trading partners;
 - (ii) *Grants in Lieu of Property Taxes* – provides for government transfers to post secondary institutions to offset costs relating to the payment of grants in lieu of property taxes to municipalities;
 - (iii) *Industry Training and Apprenticeship Commission* – provides for the transfer of funds to the Industry Training and Apprenticeship Commission Special Account;
 - (iv) *Student Financial Assistance Programs* – provides for: financial, income and other assistance to and for students including interest on student loans issued by financial institutions under these programs; debt service costs net of interest earned on loans issued by the province; provisions for future liabilities on student loans; government transfers to students; and government transfers for initiatives that enhance student performance. Government transfers are also provided for Adult Basic Education and Work Study programs;
 - (v) *Debt Service Contributions* – provides for debt service costs related to the capital costs of new buildings, renovations and improvements to existing university, university college, college, institute and agency facilities, and interest payments on matching funds relating to the Canada Foundation for Innovation Program for research infrastructure projects. Sinking fund assets, which are used to retire existing debt obligations, earn interest that is netted against debt service costs; and
 - (vi) *Amortization of Prepaid Capital Advances* – provides for amortization of funds advanced for new buildings, renovations and improvements to existing university, university college, college, institute and agency facilities.
- (d) *Youth Programs* – This sub-vote provides for government transfers to individuals and organizations for work experience and employment skills training programs for youth, including the Student Summer Works program and the Youth Community Action program.

Financial, human resources, information resources, administrative services, freedom of information and privacy services, and general services and assistance are provided to the Ministry of Advanced Education, Training and Technology by other ministries.

VOTE DESCRIPTION

This vote provides for operations and programs of the Agency including:

- (a) *Corporate Programs and Services* – This sub-vote provides for executive direction for the agency including: communications services; the development of strategies, policies, standards and architecture related to information management, information technology, and voice and data communications for government; policy and program development to support access to electronic networks and services; acquisition and preservation of government and private records of provincial historical significance; development and implementation of policies and procedures to improve public access to government information; storage, retrieval and disposal of records on behalf of government, Crown agencies and external organizations; administration of the *Document Disposal Act* and the *Freedom of Information and Protection of Privacy Act*. Government transfers are provided to support: training, preservation and enhancement of public access to important historical data; and information management and information technology programs and services. Costs are partially recovered from ministries, Crown agencies and external organizations for records management services.
- (b) *Cross Government Initiatives* – This sub-vote provides for the delivery of cross government initiatives that enable shared, common business applications, special IT infrastructure projects and IT security services. Costs may be partially recovered from ministries, special offices, Crown agencies and external organizations.
- (c) *Information Technology Services* – This sub-vote provides for the delivery of common information technology infrastructure services including:
 - (i) *Services Operations* – provides for the design, acquisition support and operations management of common information technology infrastructure services;
 - (ii) *Services Support* – provides for the administration and support of common information technology infrastructure services and special projects including a government recruitment program for information technology professionals;
 - (iii) *InfoSmart* – provides for a program to improve government-wide IT staffing, information management, information technology infrastructure and electronic service delivery to the public;
 - (iv) *Pacific Technology Resources Society* – provides for management and professional services for government employees seconded to private sector companies;
 - (v) *Provincial Learning Network* – provides for the maintenance and enhancement of network infrastructure to support the Provincial Learning Network initiative of the Ministry of Education; and,
 - (vi) *Recoveries* – provides for full recovery of the costs of information technology services from ministries, special offices, Crown agencies and external organizations.
- (d) *Science, Technology and Telecommunications Policy* – This sub-vote provides for: the development of policies and programs to support science and technology initiatives, including the High Technology Strategy; for the development of the provincial position on telecommunications regulatory policy issues; for access initiatives supporting the Electronic Highway Accord; and, for the administration and transfer of funds to the Science and Technology Fund Special Account. Government transfers are provided to support employment opportunities in the science, technology and telecommunications sectors.

Fulltime Equivalent (FTE) Employment**SPECIAL ACCOUNT DESCRIPTION**

This account was established by the *Industry Training and Apprenticeship Act*. The purpose of the account is to support the Industry Training and Apprenticeship Commission to encourage the expansion and coordination of training through: the designation of trades and occupations; the establishment of industry training and apprenticeship programs; the allocation of funds including government transfers to other agencies, organizations and individuals to support training in designated trades and occupations; the granting of credentials for workers in designated trades and occupations; and increasing the proportion of members of under-represented groups in designated trades and occupations. The account is administered by the Industry Training and Apprenticeship Commission.

Revenue is received through a transfer from the Ministry of Advanced Education, Training and Technology, Ministry Operations Vote and derived from fees and other services charged by the Industry Training and Apprenticeship Commission to employers and employees as may be appropriate. Expenses are for: government transfers, contractual agreements with private and public institutions to support training in designated trades and occupations, new initiatives in work-based training, and administration costs. Financial, human resources, information management, freedom of information and protection of privacy, and communication services are provided to the Industry Training and Apprenticeship Commission by other ministries.

This vote provides for operations and programs of the ministry, including:

- (a) *Minister's Office* – This sub-vote provides for the office of the Minister of Agriculture, Food and Fisheries, and includes the salaries of the minister, the minister's staff and related office expenses.
- (b) *Corporate Services* – This sub-vote provides for executive direction of the ministry and administrative support services including financial planning, human resources, communications, information systems and program audit. This sub-vote also provides for policy development, economic and statistical analysis and trade competition programs. In addition, this sub-vote provides for resource planning services to initiate, plan and coordinate province-wide land and water use policies for agriculture. Government transfers are provided to Columbia Basin Trust for operating expenses. Additional government transfers are provided to support federal/provincial agri-food initiatives. Recoveries are received from parties external to government for ministry services.
- (c) *Agriculture and Food Operations* – This sub-vote provides for agri-food programs, agricultural development, specialist, regulatory, market development and risk management programs and includes:
- (i) *Agriculture and Food* – provides for:
- *Food Industry* – the operating costs of the Food Industry Development programs including development of policies and strategies to enhance the competitiveness of British Columbia food products in the provincial market;
 - *Agriculture Industry Development* – works through commodity development teams as a partner with agriculture organizations, farm families, and industry to provide advice and information on marketing, production technology, farm management, and research to the agri-food industry; disseminates technical information to producers and educational institutions; provides for milk, soil, feed and tissue testing, water analysis, animal health centre and plant diagnostic services; and for the provincial 4-H, game farming and farm management programs; Agriculture and Food research and demonstration projects and related environmental impacts; also provides for management of federal/provincial environmental, business management and industry development initiatives; cost-shared industry development initiatives; and industry trusts. Transfers are made to agriculture and business organizations; and in support of agriculture, food, resource development and federal/provincial initiatives. Also provides for the administration of Industry Loan Guarantee Programs under the *Financial Administration Act* and credit programs under the *Agriculture Credit Act* and the *Okanagan Valley Tree Fruit Authority Act*. Recoveries are also received from the federal government for joint federal/provincial initiatives and from the Okanagan Valley Tree Fruit Authority for the administration of credit programs on their behalf; recoveries are received from seminar, workshop and field day program participants, and producers in support of special projects;
 - *Resource Management* – services and programs to initiate, plan and coordinate province-wide land and water policies regarding soil management, waste management and water management; also provides for administration of the *Farm Practices Protection (Right to Farm) Act*;
 - *Inspection* – animal health, dairy farm, apiary and crop inspections;
 - *Licensing* – the licensing of sale yard operations, production and sale of veterinary drugs, fur farm operations, game farming operations, poultry processors; and others as required by legislation;
 - *Rural Development* – programs in support of rural development; and
 - *Transfers* – transfers to various agencies for pest management; operating transfers to livestock associations, 4-H clubs and veterinary services; transfers in support of agriculture, and to universities for agriculture and food research.
- (ii) *National Safety Net Programs* – Provides for transfers to programs defined under the National Framework Agreement on Agriculture Risk Management, including Crop Insurance, Net Income Stabilization, Companion programs and Industry Development initiatives; recoveries are received from the Federal Government for Crop Insurance administration costs.
- (iii) *Whole Farm Insurance* – provides transfers under the Whole Farm Insurance program.
- This sub-vote also provides for a transfer to the Grazing Enhancement Fund Special Account.

28,909	Total Vote	34,851

VOTE DESCRIPTION

This vote provides for operations and programs of the ministry, including:

- (a) *Corporate Services* — This sub-vote provides for the deputy minister's office and communication services. Financial, human resources, information systems, freedom of information and privacy services are provided by other ministries. Transfers are provided to stakeholder groups, individuals and business groups in the fisheries sector involved in activities designed to protect, conserve and enhance fish stocks and fish habitat.
- (b) *Policy, Planning and Liaison* — This sub-vote provides for provincial fisheries policy activities and inter-governmental initiatives including:
- development and coordination of intergovernmental policy and legislation initiatives relating to the management of the fishery resource and habitat, and sustainable economic development;
 - communication and consultation with stakeholders, the public, First Nations and other orders of government with interests in the fishery sector including commercial, recreational and aquaculture industries;
 - support to activities under the Canada/British Columbia Agreement on the Management of Pacific Fishery Issues; and
 - development of resource management policies, programs and legislation with respect to aboriginal, resource use and environmental issues.

Transfers are provided to stakeholder advisory bodies, including aboriginal interest groups, to support local fisheries management and development.

- (c) *Programs and Operations* — This sub-vote provides for:
- planning, management, protection, conservation and regulation of fresh water and marine and anadromous fisheries under the *Wildlife Act*, the *Fisheries Act*, and the Canada/British Columbia Agreement on the Management of Pacific Salmon Fishery Issues;
 - technical review of applications for tenure and for the licencing and enforcement of regulations as required under the *Fisheries Act* and the *Fisheries Inspection Act*;
 - administration of relevant sections of the *Fisheries Act*;
 - development and diversification of the aquaculture sector;
 - licencing and regulation of finfish and shellfish aquaculture; and
 - operating costs for sector and community development and diversification, including development of strategies to create jobs and enhance the competitiveness of British Columbia's seafood and sports fishing sectors.

Transfers are provided to restore fish habitat and to further seafood industry development in British Columbia. Recoveries are received from the federal government, Crown corporations and parties external to government for projects related to fisheries conservation, restoration and management.

- (d) *Fisheries Renewal BC* — This sub-vote provides for transfers toward the operating costs and transfers of the corporation, including delivery of the Urban Salmon Habitat Program.

Estimates 2000/01 \$000		Estimates 2001/02 \$000
<u>3,042</u>	Total Vote (net of recoveries)	<u>3,357</u>

VOTE DESCRIPTION

This vote provides for operation of the Land Reserve Commission. Under the *Agricultural Land Commission Act*, the commission is responsible for encouraging the establishment and maintenance of agricultural land in the province. The commission advises municipalities and regional districts on the Agricultural Land Reserve and decides on applications for the addition of land to and/or the exclusion of land from the reserve and applications for subdivisions and non-farm uses within the reserve. A portion of fees for applications made under the *Agricultural Land Commission Act* and the *Soil Conservation Act* are paid out of this vote, as transfers, to local governments for services provided in the application process. This vote also provides for operation of the Forest Land Commission established by the *Forest Land Reserve Act*. Recoveries are received from application fees and the sale of publications.

SPECIAL ACCOUNT DESCRIPTION

This account was created by the *Grazing Enhancement Fund Special Account Act, 1995* and will terminate on March 31, 2005. Revenue is received through a transfer from the Ministry Operations Vote. Expenses provide for the maintenance and enhancement of range resources including transfers to universities and/or research agencies for research projects related to grazing enhancement. The account also provides funds for costs related to the administration of the account.

No financing transactions are provided for under this account.

Financing Transaction**AGRICULTURE CREDIT ACT**

VOTE DESCRIPTION

This vote provides for ministry programs and operations including:

- (a) *Minister's Office* – This sub-vote provides for the office of the Attorney General and Minister Responsible for Human Rights, and includes the salaries of the Attorney General, the minister's staff and related office expenses.
- (b) *Corporate Services* – This sub-vote provides for ministry management, policy, legislation, planning, freedom of information and protection of privacy, program development, administrative support, information systems, audit and communications services, including support to the Provincial Capital Commission and investigation of matters related to the administration of the *Correction Act* and court services. Government transfers are provided to agencies and societies providing services which complement ministry programs. Recoveries are received from other levels of government for various justice related initiatives and from the Insurance Corporation of British Columbia for road safety initiatives.
- (c) *Court Services* – This sub-vote provides for judicial administration and other services, including the provision, operation and maintenance of the courts. This includes:
 - (i) *Registry and Trial Support* – provides for management of branch programs, including administrative and support services and support to the Superior and Provincial Courts, including administrative services, translating, reporting and recording services, facilities, and operational systems. Recoveries are received from the Insurance Corporation of British Columbia for road safety initiatives, from municipal governments for costs related to by-law hearings and from litigants for costs associated with video conferencing; and
 - (ii) *Security and Escorts* – provides for Sheriffs in both Superior and Provincial Courts, for court security, escort of prisoners and document services. Recoveries are received for civil jury trial costs and from the Insurance Corporation of British Columbia for road safety initiatives.
- (d) *Legal Services* – This sub-vote provides for legal services to the province and various boards, commissions and societies, including legal advice, representation in civil litigation, and drafting, preparing, filing and publishing statutes, regulations and Orders in Council. This sub-vote also provides for administration of Orders in Council and appeals to the Executive Council. Government transfers are provided for justice system policy issues. Recoveries are received from other ministries, boards and commissions for legal services provided.

- (e) *Criminal Justice* – This sub-vote provides for operation of Crown counsel services, including prosecution of *Criminal Code of Canada* and provincial statute offenses, advice to government on matters of criminal law and its enforcement, development of policies and procedures in matters pertaining to the administration of criminal law, and support services to victims of crime. Government transfers are provided to agencies for alternative and diversion programs. Recoveries are received from municipal police departments, the Workers' Compensation Board, the Insurance Corporation of British Columbia, other ministries, and from the Victims of Crime Special Account for implementation of the *Victims of Crime Act*.
- (f) *Community Justice* – This sub-vote provides for family maintenance enforcement activities, services to victims of crime, community and youth crime and violence prevention, restorative justice initiatives, alternate dispute resolution, regulatory services which are under the jurisdiction of the Attorney General, and administration of community programs, and, in addition, for administration of the Family Maintenance Enforcement Act, Family Relations Act and the Debtor Assistance Act. This sub-vote also provides for administration of the *Residential Tenancy Act*, and administration and enforcement of consumer legislation, including the *Trade Practice Act*, the *Consumer Protection Act*, the *Motor Dealer Act*, the *Cemeteries and Funeral Services Act*, the *Travel Agents Act*, *Debt Collection Act*, *Credit Reporting Act*, *Guide Animal Act* and the *Sale of Goods Act*. Government transfers are provided to the Legal Services Society and to agencies and societies providing services which complement ministry programs including enhancing community safety and preventing crime and violence. Costs of administering the Motor Dealer Customer Compensation Fund and the Travel Assurance Fund are recovered from the respective funds. Recoveries are received from the federal government for costs relating to legal aid and victims and crime prevention programs and improvement of child and spousal support enforcement under the Child Centered Family Justice Fund. Recoveries are also received for costs associated with *Trade Practice Act* investigations and consumer restitution, pursuant to court and consent orders and from the Victims of Crime Special Account for implementation of the *Victims of Crime Act*.
- (g) *Corrections* – This sub-vote provides for incarceration of remanded and sentenced adult offenders and detained migrants, community corrections services for adult offenders, family justice services and program management, including:
 - (i) *Adult Custody* – provides for incarceration of remanded and sentenced adult offenders, detainees under the *Immigration Act* and for planning and management of correctional programs, including staff training, administration and support services. Government transfers are provided to the private sector and non-profit societies for correctional services related to health, counseling programs, education, training, work programs, food services and development and evaluation of correctional programs, as well as for provision of correctional programs such as keeping provincial prisoners in police custody (Keep of Prisoners). Recoveries are received: from the federal government for costs related to the housing of federal inmates, including non-routine supplemental programs, under the Female Exchange of Services, Male Exchange of Services and Immigration Agreements; from the Medical Services Plan for salaried and sessional medical services; and from the Vancouver Police Department for the provision of municipal lockup functions within a ministry-occupied building;
 - (ii) *Community Corrections* – provides for community services on the basis of assessed risk/need for adult offenders, community services required for drug court and for planning and management of correctional programs, including administrative and support services. Community services includes preparation of pre-sentence and other court reports, as well as supervision of adults on alternate measures, probation, bail, recognizance authorized under section 810 of the *Criminal Code of Canada*, conditional sentence or conditional release and temporary absence. Electronic monitoring technology is used to assist in the supervision of parolees and offenders on conditional sentences. Government transfers are provided to the private sector and non-profit societies for alternate measures, attendance programs, psychological programs, residential programs and community service work. Recoveries are received from the federal government for costs relating to drug courts; and
 - (iii) *Family Justice Services* – in collaboration with other parts of the family justice system, provides services to help families experiencing separation or divorce to resolve disputes regarding child custody, access and family maintenance in a timely and just manner outside the traditional court system. These services include: information and referral; family mediation and conciliation; parenting after separation programs; and child custody and access assessments for Supreme and Provincial Courts. Government transfers are provided to the private sector and non-profit societies for the provision of parenting after separation programs, supervised access programs and other family justice services. Recoveries are received from the federal government for family justice services initiatives.

- (h) *Public Safety and Regulatory Services* – This sub-vote provides for administration, policy development and operations of the Police Services Division, the Security Programs Division, the Provincial Emergency Program, the Film Classification Office, the Gaming Audit and Investigation Office and the Coroners Service, including:
 - (i) *Police Services* – superintends policing and law enforcement function in British Columbia by the provincial police force (the Royal Canadian Mounted Police under agreement), municipal police, self-administered tribal police and other law enforcement agencies. Police Services also develops policy, establishes police standards and administers policing and law enforcement programs, including: appointment of special provincial constables; special policing initiatives involving cost recoveries; auxiliary and reserve constable program; service of criminal documents; protection of witnesses; municipal and self-administered tribal police evaluations; road safety initiatives; policing studies; and develops and administers policy for the police boards of independent police departments in the province. Government transfers are provided to the Organized Crime Agency of British Columbia, the Canadian Association of Chiefs of Police, the federal government and other parties to enhance policing in the province. Recoveries are received from the Insurance Corporation of British Columbia for road safety initiatives and from the Vancouver Port Corporation for the provision of police services;
 - (ii) *Security Programs* – provides for administration of the *Firearms Act (Canada)* including registration, permits, transfers, and inspection and approval of ranges; administration of the *Private Investigators and Security Agencies Act* for licensing and regulation of the security industry; and, administration of protective services, including criminal records review, and the Protection Order Registry. Government transfers are provided to the Royal Canadian Mounted Police and municipal police departments for services provided under the *Firearms Act (Canada)*. Recoveries are received from the federal government for cost-shared programs;
 - (iii) *Provincial Emergency Program* – provides for development and coordination of provincial emergency planning, and preparation to prevent, respond to or recover from the effects of natural or other disasters. Government transfers are provided to organizations participating in the Joint Emergency Preparedness Program and the New Initiatives Fund, and recoveries are received from the federal government under cost-sharing agreements;
 - (iv) *Film Classification* – provides for administration of the *Motion Picture Act* and Regulations by classifying films and approving adult videos and video games for distribution, licensing distributors, theaters and video stores, and enforcing provisions of the Act. Film Classification also classifies films and approves adult videos on behalf of, and receives recoveries from, the Province of Saskatchewan;
 - (v) *Gaming Audit and Investigation* – provides for the registration of individuals and companies involved in lawful gaming; investigation, audit and enforcement of gaming participants; and approval of gaming goods and services. Recoveries are received from gaming registrants for the direct costs incurred in due diligence investigations, exclusive of staffing costs. Government transfers are provided to the Royal Canadian Mounted Police for law enforcement information; and
 - (vi) *Coroners Service* – provides for inquiry, investigation and inquests of all sudden, unexpected or unexplained deaths pursuant to the *Coroners Act*.
- (i) *Agencies, Boards and Commissions* – This sub-vote provides for various boards and commissions under the jurisdiction of the Attorney General, including the operations of the British Columbia Board of Review, British Columbia Human Rights Commission, British Columbia Human Rights Tribunal, British Columbia Parole Board, British Columbia Police Commission, Children's Commission, Commercial Appeals Commission, Expropriation Compensation Board, Liquor Appeal Board, Motion Picture Appeal Board, and adult guardianship legislation and other expenditures for the Public Guardian and Trustee of British Columbia. Government transfers are provided to organizations to promote human rights initiatives and for legal representation for proceedings under the *BC Human Rights Code*.
- (j) *Liquor Control and Licensing* – This sub-vote provides for overall policy development, administration, licensing and inspections in support of the *Liquor Control and Licensing Act* and Regulations. Recoveries are received from licensing fees and permit charges.
- (k) *Land Title Branch* – This sub-vote provides for registration of ownership of land, based on the Torrens land title registration system. This system ensures security of title and other interests in land such as mortgages, life estates, leases, rights of way, easements and liens registered against the land in accordance with the *Land Title Act*. This sub-vote also provides for maintenance of a computerized land title system which enables access to land title information.

SPECIAL ACCOUNT DESCRIPTION

This account was established by the *Special Accounts Appropriation and Control Act, 1988* as amended by the *Attorney General Amendment Act, 1989*. The purpose of the account is to dispose of property forfeited from criminal offenses in a manner which will facilitate the administration of criminal justice and law enforcement in the province. Revenue represents the disposition of forfeited proceeds of crimes. The Attorney General will determine expenses to be made from the account; however, under the terms of a protocol agreement, expenses from previous years' revenues can be made only with the approval of the Minister of Finance and Corporate Relations.

No financing transactions are provided for under this account.

SPECIAL ACCOUNT DESCRIPTION

This account was created by the *Public Trustee Amendment Act, 1989*. The purpose of the account is to provide services to clients of the Public Guardian and Trustee, including those incapable of managing their own affairs, estates of the deceased where no other person is willing or able to act, minors' litigation settlements and other funds and the affairs of missing persons. Revenue represents fees and commissions paid by clients of the Public Guardian and Trustee for services rendered, interest on inactive estates, and transfers from the Ministry Operations Vote. Expenses are for costs directly related to the provision of services to clients and for administration. Recoveries are received for the reimbursement of expenses paid on behalf of clients.

VICTIMS OF CRIME ACT

This account was established by the *Victims of Crime Act, 1995*. The purpose of the account is to fund services to victims of crime as provided for in the Act. Revenue includes proceeds from a victim surcharge levy on fines from all provincial offenses, both court-imposed fines and those which result in a violation ticket. Revenue also includes proceeds from the federal victim surcharge levy on offenses imposed by the court under the *Criminal Code of Canada*. Expenses are to fund justice system obligations to victims of crime under the Act, including administration costs. Any remaining funds may be expended on initiatives which may benefit victims of crime.

This vote provides for: services to children and families; supporting people with disabilities, so that they are able to live in their communities; and child, family and community services. Programs include:

- (a) *Minister's Office* – This sub-vote provides for the office of the Minister for Children and Families, and includes the salaries of the minister, the minister's staff and related office expenses.
- (b) *Corporate Services* – This sub-vote provides for overall direction, development and support of ministry programs. It provides for the ministry's central support for child and family services and community living services. This includes the children's health office, children's e-policy centre, policy and legislative support, governmental relations, communications services, audit, performance management and research functions, administrative services, training and staff development, mentoring and support, contract management support, financial services, human resources services, systems support services, capital planning and facilities support, and records management. This sub-vote also provides for ministry requirements for banking services and for the administration of the *Human Resource Facilities Act*. Government transfers are provided in support of province-wide program activities. Recoveries are received from parties external to government for ministry services.

- (c) *Community Services and Program Support* – This sub-vote provides for:
- (i) *Program Delivery* – provides for central program support, direct operating costs and local administration of services for children, youth and families, persons with developmental disabilities and persons with multiple disabilities. Services are delivered under the provisions of the *Young Offenders Act*, the *Corrections Act*, the *Child, Family, and Community Service Act*, the *Adoption Act*, the *Mental Health Act*, the *BC Benefits (Child Care) Act*, and the *Forensic Psychiatry Act* and other initiatives to support families children and youth. Grants under the *Human Resource Facilities Act* and transfers under agreements (including shared cost) are provided in support of program activities. Recoveries are received from the federal government for reimbursement of costs related to aboriginal children, and from the Medical Services Plan for salaried and sessional medical services.
 - (ii) *Services for Children and Families* – provides for community-based support services for children, youth and families including public health services, school-based programs, children and family support programs, child protection, adoption services, mental health programs for children and youth, youth justice and forensic programs, secure care and residential programs. It also provides for alcohol, drug and gambling addiction services and other initiatives consistent with the ministry mandate to support children, youth and families. Provision is made for incarceration of remanded and sentenced youths, probation and community services. Early childhood development programs are also provided to promote healthy pregnancy, birth and infancy; improve parenting and family supports; strengthen early childhood development learning and care; and strengthen community supports. Provision is made for contributions to the private sector and non-profit societies for diversion, attendance, community services work, and youth bail residential programs. Government transfers are also paid to or on behalf of: clients including children in care, eligible families and youth; care givers, agencies providing these services and regional health authorities. Recoveries are received from the federal government for the National Children's Agenda, the Children's Special Allowance, for youth justice and addictions treatment and rehabilitation costs, for the reimbursement of expenses for aboriginal children in care, from the Insurance Corporation of British Columbia for remediation of impaired drivers; and from other provinces for the costs of children in care. Recoveries are also received from the British Columbia Lottery Corporation for gambling addiction services, revenues from the sale of hearing aids, and the provision of cafeteria services and other organizations, parents and agencies contributing to the cost of services and for repayable benefits and overpayments.
 - (iii) *Community Living Services* – provides for community-based residential care and training and support services for adults with mental and/or multiple disabilities. Also provides for: support to families with special needs children including early intervention services; the At Home Program; and, Supported Child Care and Special Needs Children in Care. Government transfers are provided to or on behalf of: individuals; corporations; community groups; hospitals; regional health authorities; municipalities; and other organizations. Recoveries are received from the Federal Government for National Children's Agenda, and from other organizations and agencies contributing to the cost of services and for repayable benefits and overpayments and costs arising from third party settlements.

2,033	Corporate Services	1,962
22,007	Community Programs	20,719
24,464	Total Vote	23,119

VOTE DESCRIPTION

This vote provides for operations and programs of the ministry, including:

- (a) *Minister's Office* – This sub-vote provides for the office of the Minister of Community Development, Cooperatives and Volunteers, and includes the salaries of the minister, the minister's staff and related office expenses.
- (b) *Corporate Services* – This sub-vote provides for administration and ministry executive support, including the deputy minister and associate deputy minister's offices, communications services, and corporate administration. Financial, administrative, human resource and information management services are provided under an agreement with the Ministry of Employment and Investment. Funding includes support for research, public education and evaluation initiatives through government transfers.
- (c) *Community Programs* – This sub-vote provides for the funding of programs, projects and initiatives to improve the economic diversity and social condition of communities and includes ancillary intergovernmental relations. Funding includes government transfers in support of the following program objectives:
 - *Community Development* – programs to support local action to enhance communities' socio-economic conditions and address structural barriers through, for example, employment, job training and education, including the Bladerunners youth employment program. The ministry also develops and promotes private and public partnerships, urban community development projects and other initiatives identified by community groups and is responsible for the three-year homelessness initiative in BC.
 - *Community Transition and Adjustment* – financial and other support to rural and resource-based communities in immediate economic crisis for purposes such as incremental social and human services, worker transition and adjustment, economic development, transition planning and other community purposes;
 - *Community Enterprise* – seed funding and other support to rural and resource-based communities to develop and diversify their local economies by implementing locally driven, new and innovative projects;
 - *Cooperatives and Volunteers* – seed funding and other support to assist new and expanded co-operatives that generate socio-economic and employment opportunities, and service options in communities. The ministry is responsible for the *Cooperative Association Act*, as well as funding and support to strengthen the work of volunteer organizations. The ministry also delivers programs to recognize and support the province's voluntary sector; and
 - *Vancouver Agreement* – provincial leadership and coordination responsibility for a tri-level agreement (with federal and municipal governments) to promote and support sustainable economic, social and community development in Vancouver with an initial focus on the City's Downtown Eastside.

This vote provides for overall policy development for the ministry, management of funding for public and independent school systems, other educational initiatives carried on in the province and administrative and support services. Major programs and activities include:

- (a) *Minister's Office* – This sub-vote provides for the office of the Minister of Education, and includes the salaries of the minister, the minister's staff and related office expenses.
- (b) *Management Services* – This sub-vote provides for corporate support services to operating programs including financial, human resources, information management, administrative services, freedom of information and privacy services, and general services and assistance to the Ministry of Advanced Education, Training and Technology, the Ministry of Education, the Ministry of Labour and the Industry Training and Apprenticeship Commission. Recoveries are received from miscellaneous sources including certain costs relating to supporting the Worker's Compensation Review Board and Compensation Advisory Services in the Ministry of Labour.
- (c) *K-12 Education Programs* – This sub-vote provides for:
 - (i) *Program Management* – provides for executive direction for the ministry, education-related communications services, and management and program support for K-12 education programs. Government transfers are provided for education development and implementation activities. Recoveries are received from general education development test fees, participation in federal/provincial agreements and activities, and other sources;
 - (ii) *Public Schools* – provides for government transfers towards the operating expenses of public schools and support for the British Columbia Public School Employers' Association. Also provides for the transfer to the Insurance and Risk Management Special Account. Recoveries are received from the federal government for expenditures relating to the Official Languages in Education Protocol;
 - (iii) *Independent Schools* – provides for government transfers to eligible independent schools for operating expenses, special education programs for qualifying students and registered home-schooled students;
 - (iv) *Debt Service Costs* – provides for the payment of short and long term debt service costs for approved capital construction projects, bus and equipment purchases. Sinking fund assets, which are used to pay off existing debt obligations, earn interest that is netted against debt service costs; and
 - (v) *Amortization of Prepaid Capital Advances* – provides for the amortization of funds advanced for capital construction projects, bus and equipment purchases.

VOTE DESCRIPTION

This vote provides for executive direction, administrative services and operating programs of the ministry, including:

- (a) *Minister's Office* – This sub-vote provides for the office of the Minister of Employment and Investment, and includes the salaries of the minister, the minister's staff and related office expenses.
- (b) *Corporate Services* – This sub-vote provides for administration and ministry executive support, including: the deputy minister's office, corporate relations, financial, human resources, legislation and administrative services; records management and information systems and resources; library and research services; communications services and public affairs; strategic projects; the administrative support services, provided under agreement, for the Ministry of Energy and Mines and the Ministry of Community Development, Cooperatives and Volunteers; and payment of travel expenses outside of Canada, including prescribed allowances to members of the Executive Council, Parliamentary Secretaries and related staff. Costs are partially recovered from parties external to government for ministry services.
- (c) *Economic Development* – This sub-vote provides for the development, analysis, and preparation of policy and strategies relating to electricity development, trade, and economic issues, including:
 - support for government-wide economic strategies, including socio-economic analysis of government initiatives and specific economic development projects;
 - negotiation and management of federal-provincial cost shared economic development programs, in conjunction with other ministries and agencies, as well as administration of the Build BC Special Account,
 - management of the Construction Secretariat; and
 - development of electricity policy, including administration of the Columbia River Treaty, the *Utilities Commission Act*, *Power for Jobs Act*, and *Energy Efficiency Act*.

Government transfers are provided for economic and employment generating initiatives, including the Asia Pacific Foundation, and the Agreement on Internal Trade Secretariat.

- (d) *BC Trade and Investment Office* – This sub-vote provides for the administration, operation and delivery of activities intended to stimulate provincial economic development, including:
- *Investment Facilitation* – provides for: promotion of British Columbia as a positive investment location; promoting key investment projects; facilitation of strategic projects and their progress through government review and approval processes, identifying and reducing impediments to investment in British Columbia; and managing the business immigration program;
 - *Industry and Business Development* – provides for: encouraging business development in the province; developing, delivering and evaluating programs, policies and services which promote development and expansion of emerging industry sectors; designing and delivering sector strategies; fostering the competitiveness of the resource sector and encouraging value-added activities; and supporting economic institutional infrastructure;
 - *Trade Development* – provides for: promotion of British Columbia's export capabilities; facilitation of the entry of British Columbia companies into new markets; participation in intergovernmental and business/government initiatives; trade development services and initiatives, including international market intelligence and strategic partnering advice; supporting British Columbia's international offices and representatives; and organizing international trade missions; and
 - *Financial and Project Analysis and Industry Adjustment* – provides for: administration of the Industrial Incentive Fund and the Natural Resource Community Fund; support for consultations, studies and issue resolution for specific projects; financial and project analysis services; and the coordination of industry adjustment and job preservation initiatives, including funding for initiatives such as the Job Protection Commission.
- Government transfers are made for business and trade development and industry adjustment. Costs for activities are partially recovered from clients through fees and project cost-sharing.
- (e) *Reserves for Doubtful Accounts and Concessionary Loans* – This sub-vote provides for reserves for doubtful loans, write-downs of investments, and the interest expense for concessionary loans made under the *Industrial Development Incentive Act*. This sub-vote also provides for reserves for potential payments and concessionary interest expenses pertaining to loan guarantees made under ministry programs and the *Financial Administration Act*.

 * As this is a non-revolving Special Account, gross disbursements (new loans and investments) reduce the balance of the account. The Net Cash Source (Requirement) refers to the impact of the financing transaction on the General Fund, not the Special Account.

SPECIAL ACCOUNT DESCRIPTION

This account was established in 1985 by the *Industrial Development Incentive Act*. The purpose of the account is to provide loans and make investments to assist the establishment or expansion of industry, the introduction of new technology to existing industry, and to otherwise encourage regional and economic development in the province. Loans and investments may also be provided from the account to support economic or mediation plans of the Job Protection Commission.

The account has no operating revenues or expenditures since interest and other amounts received relating to outstanding loans are credited to the General Fund. All administration costs, concessionary expenditures and reserves for doubtful accounts are funded through the Ministry Operations Vote. Receipts represent loan repayments, which are credited to the General Fund and do not increase the account balance. Disbursements represent new loans and investments.

57,732		Total Account Balance at the End of the Fiscal Year			57,732

SPECIAL ACCOUNT DESCRIPTION

This Special Account was established in 1993 by the *Build BC Act*. The purpose of the account is to provide for projects and initiatives that facilitate the expansion and diversification of the British Columbia economy in a manner consistent with the Act. Expenses are for the development and implementation of Build BC projects and initiatives. No expenses are planned from the Special Account in 2001/02.

No financing transactions are provided for under this account.

17,944	Energy and Minerals (net of recoveries)	17,621
8,973	Resource Development	37,569
35,835	Total Vote	65,990

VOTE DESCRIPTION

This vote provides for executive direction, administrative services and operating programs of the ministry, including:

- (a) *Minister's Office* – This sub-vote provides for the office of the Minister of Energy and Mines, and includes the salaries of the minister, the minister's staff and related office expenses.
- (b) *Corporate Services* – This sub-vote provides for administration and ministry executive support, including the deputy minister's office, communications and public affairs, and the Oil and Gas Initiatives (OGI) Branch which administers programs developed under OGI 1 and 2, develops new initiatives and assists in the maintenance of the Sierra-Yoyo Desan resource road. Under an agreement, the Ministry of Employment and Investment provides administrative support services for the ministry.
- (c) *Energy and Minerals* – This sub-vote provides for the administration of the province's petroleum, natural gas, coal, geothermal, and mineral resources and for the regulation of the industries that explore for and develop these resources, including:
 - conducting geoscientific field studies and maintaining information regarding petroleum, natural gas, coal, geothermal, and mineral potential reserves and tenures;
 - managing disposition of subsurface tenures;
 - providing support services to industry and information to the public, and land use planning;
 - regulating mineral and coal industries for health and safety and environmental responsibility;
 - collecting fees, rentals and tender bonuses; and
 - negotiating fair compensation for mineral and coal titles expropriated under the *Park Act*;

Government transfers are provided for resource studies and projects, mine rescue training and competitions, and training support and government transfers to prospectors to stimulate mineral exploration. Costs associated with a technology transfer with Peru are recovered through a contract with the Canadian International Development Agency (CIDA).
- (d) *Resource Development* – This sub-vote provides for evaluation, strategic planning and policy development with regard to the Province's mining, oil and gas and other subsurface resources, including:
 - the determination, assessment and collection of royalties, taxes, levies and fees on subsurface resources and developments;
 - administration of First Nation revenue sharing agreements and the Vancouver Island Natural Gas Pipeline Agreement;
 - environmental, socio-economic and financial assessments of resource developments and resource/land use options;
 - collection and dissemination of statistics, analysis and forecasting of market conditions, promotion and marketing of Provincial resource potential and;
 - identification and development of government policies and programs affecting the subject resource sectors.

Government transfers are provided for the Vancouver Island Natural Gas Pipeline Agreement.

163,615	Total Vote	178,211

VOTE DESCRIPTION

This vote provides for the ministry's resource and inventory planning, environmental, conservation and recreational programs including support for sustainable land use planning and cooperative relationships with First Nations. This vote also provides for management and corporate support services. Functions related to these programs and initiatives include:

- (a) *Minister's Office* – This sub-vote provides for the office of the Minister of Environment, Lands and Parks, and includes the salaries of the minister, the minister's staff and related office expenses.
- (b) *Corporate Services* – This sub-vote provides for executive direction, policy development, coordination of legislation, environmental reporting, program evaluation, communications, finance, administration, personnel, information systems, information and privacy, special and corporate program coordination, consultation and support on program matters with First Nations including treaty and pre-treaty negotiations, and trust fund management for ministry operations and programs. Government transfers are provided for treaty settlement payments, Executive Council initiatives, and activities concerned with use, protection and management of the environment, Crown land, provincial parks and ecological reserves. Costs are recovered for some program services from within the ministry, other ministries, other levels of government, organizations and individuals.
- (c) *Environment and Lands Headquarters* – This sub-vote provides administration and delivery of programs to: manage ground and surface water resources, ensure public safety from floods through regulation of dams and dykes, issue and manage water licences for power, regulate privately owned water utilities and manage appeals under the *Water and Utilities Act*; manage Crown land appraisals, acquisitions and exchanges, valuation, administration; manage and coordinate land, air, water and natural resource inventory and data management, river flow forecasting and floodplain mapping; manage the provincial cadastral survey system, the Crown land registry and the issuance of Crown grants; and, manage the assembly and distribution of provincial baseline digital atlas data (including active control systems, Global Surveyor, Terrain Resources Information Management, baseline thematic mapping, BC geographical names, aerial photography) and derived land related information products (watersheds BC, digital road atlas). It also provides for the administration and delivery of the Sustainable Environment Fund programs to develop and implement environmental management systems within the municipal, industrial and small business sectors to prevent pollution and remediate sites where pollution is occurring; maintain comprehensive air quality assessment, protection and improvement activities; water quality development for non-point source pollution, ambient criteria, and remediation plans and assessments; and, manage environmental laboratory activities and standards. Government transfers are provided for activities concerned with use, protection and management of the environment and Crown lands. Costs related to the Sustainable Environment Fund are recovered from the Fund's Special Account. Some program costs are recovered for services from within the ministry, other ministries, other levels of government, organizations and individuals.
- (d) *Wildlife, Habitat and Enforcement* – This sub-vote provides administration and delivery of programs that: manage, protect and enhance wildlife and its habitat while balancing ecological, cultural and recreational interests; sustain the diversity and integrity of ecosystems through habitat protection; and, provide enforcement of environmental protection and resource management legislation to deter violations that harm the environment and resources. Government transfers are provided for activities concerned with use, protection and management of the environment and Crown lands. Costs are recovered for some program services from within the ministry, other ministries, other levels of government, organizations and individuals.

- (e) *Environment and Lands Regional Operations* – This sub-vote provides for the management, administration and delivery of programs for wildlife, fisheries, habitat, water management, pollution prevention remediation, environmental assessment, enforcement and emergency services, and support to treaty and pre-treaty negotiations with First Nations through regional, sub-regional and district offices. Land management programs are administered by, or recovered from, BC Assets and Land Corporation based on policies and plans developed by the ministry. Costs are recovered for some program services from within the ministry, other ministries, other levels of government, organizations and individuals.
- (f) *BC Parks* – This sub-vote provides for management, operation, and development of the provincial park and ecological reserves systems, outdoor recreation opportunities, parkland and protected area acquisitions and related costs, maintenance of campsites, participation in the Canadian and Provincial Heritage Rivers program, and commercial river rafting and small boat regulations. Government transfers are provided for outdoor recreation, education and safety programs. Funds generated from parks producing net revenue are used to partially fund the operating costs of the parks system. Costs are recovered for some program services from within the ministry, other ministries, other levels of government, organizations, and individuals.
- (g) *Environment Youth Team* – This sub-vote provides for administration and delivery of the internship, eco-education and work crew programs focused on improving the environment and public outdoor recreation, including the development of new campground sites and the Trans Canada Trail, giving training and employment opportunities to youth.
- (h) *Intergovernmental Relations Secretariat* – This sub-vote provides for the management and administration in providing support for the Executive Council in development and coordination of advice, policy, negotiations, issues management and public consultation relating to federal, inter-provincial, and international relations initiatives. This includes administration of British Columbia House in Ottawa, support for the Premier and Cabinet in participation in First Ministers' Conferences, Premiers' Conferences, ministerial Conferences, and international conferences. This sub-vote also provides for costs of official ceremonies, programs for visiting dignitaries, government hosted functions, government honours and awards by authority of the *Provincial Symbols and Honours Act*, and Parliament Buildings visitor services. Government transfers are provided for activities of the Executive Council. A portion of costs may be recovered from within the ministry, special offices, other ministries, other levels of government, and participating bodies.

* As this is a revolving Special Account, the net cash source (requirement) increases (decreases) the balance of the account.

SPECIAL ACCOUNT DESCRIPTION

This account was originally created as a fund by authority of Section 7 of the *Department of Housing Act, 1973*, was replaced by the Crown Land Fund effective July 31, 1979 pursuant to the *Ministry of Lands, Parks and Housing Act*, and was changed to a Special Account under the *Special Appropriations Act, 1982*.

Revenue sources (net of direct costs) include land sales, land exchanges, land tenures, interest income, and fees. Expenses include non-recoverable disbursements associated with program related costs such as reporting, clean-up and servicing; the sale or disposal of assets on Crown land; the write-down of uncollectible loans; and the write-down of land inventory values to the lower of cost or net realizable value. Government transfers are provided to other levels of government, organizations and individuals for the acquisition of lands for environmental, conservation, recreational or sustainable land use purposes.

Receipts represent repayment of outstanding loans and deposits made on pending sales. Disbursements reflect recoverable disbursements associated with the acquisition, servicing, development and disposition of inventoried Crown land and are administered by the BC Assets and Land Corporation and capital expenditures for the acquisition of park land, ecological reserves and critical fish and wildlife conservation projects.

Total Account Balance at the Beginning of the Fiscal Year

Operating Transactions

Revenue

Expense

Net Revenue (Expense)

Total Account Balance at the End of the Fiscal Year**SPECIAL ACCOUNT DESCRIPTION**

This account was created by the *Sustainable Environment Fund Act, 1990*, and subsequent amendments. It provides for the protection of the air, land and water and for environmental renewal by preventing pollution, controlling pollutants and undertaking remediation activities through administration of the *Waste Management Act*, *Pesticide Control Act*, the *Environment Management Act*, and related regulations.

Revenue is derived from environmental levies, fees, licenses, and contributions from the federal government and other organizations and individuals.

Expenses represent a transfer from the Ministry Operations Vote for: administration; the development of policies, legislation and regulations, standards and criteria for discharges and emissions; monitoring and understanding the receiving environment; education, and encouragement of activities to prevent pollution; waste reduction; laboratory services; air and water quality; the clean-up of contaminated sites; special waste management; soil and water remediation projects; and government transfers to local governments, other organizations and individuals to assist in waste management, clean-up of contaminated sites and to support various environmental protection initiatives.

No financing transactions are provided for under this account.

This vote provides for operations and programs of the ministry, including:

- (a) **Minister's Office** – This sub-vote provides for the office of the Minister of Finance and Corporate Relations, and includes the salaries of the minister, the minister's staff and related office expenses.
- (b) **Corporate Services** – This sub-vote provides for:
- policy analysis and advice on financial sector issues, corporate sector issues and legislation;
 - executive, financial, administrative, human resources, information systems, communications and correspondence support, freedom of information and privacy services, and general services to ministry operations and programs, and to the Office of the Premier, Public Sector Employers' Council, Ministry of Multiculturalism and Immigration, the Information, Science and Technology Agency, Intergovernmental Relations, the Insurance and Risk Management Special Account, the Northern Development Fund Special Account, the Unclaimed Property Special Account, BC Assets and Land Corporation, certain officers of the Legislature, and other agencies. Costs are partially recovered from other divisions of the ministry, other ministries, special offices, organizations, agencies and individuals. Transfers are made in support of the Northern Development Commission;
 - certain expenses incurred by the Legislature and the Office of the Premier; operation and maintenance costs of the Legislative Buildings; occupancy and related costs for the Executive Council and Intergovernmental Relations; reimbursement of certain expenses to members of the Legislative Assembly under Section 7 of the *Legislative Assembly Allowances and Pensions Act*; and Cabinet committee expenses and travel expenses within Canada for members of the Executive Council, Parliamentary Secretaries, and related staff;
 - management consulting services to ministries, agencies and crown corporations on a cost-recovery basis, and development opportunities for managers;
 - policy, research, analysis and advice on intergovernmental fiscal relations;
 - initiatives intended to improve the regulatory environment in British Columbia, including funding for staff and operating expenses of the Streamlining Initiative and the Business Task Force on Regulatory Impact; and
 - administration of the Northern Development Fund Special Account, and the Northern Development Commission.
- (c) **Treasury Board Staff** – This sub-vote provides for:
- analysis and advice on fiscal, budgetary, administrative, economic, capital and taxation policy issues. Costs are partially recovered from parties external to government for services provided on their behalf;
 - analysis and advice on capital issues including public-private partnerships, seismic related issues and administration of social capital projects. Costs are partially recovered from other ministries;
 - monitoring, analysing and forecasting of economic activity and the government's fiscal position;
 - production of various financial and economic documents, including the *Estimates and Budget*; and
 - operation and maintenance of financial and economic models to support decision-making within government.

- (d) *Crown Corporations Secretariat* – This sub-vote provides for: analysis and advice to the government on issues relating to Crown corporations, including: financial, service, and other policy and legislative issues; monitoring of performance plans, special initiatives, operating budgets and capital projects; assessment of specific programs for effectiveness, efficiency and relevance; coordination and integration of broad initiatives across Crown corporations; and liaison with Crown corporations, ministries and senior government officials regarding strategic and general governance matters. Costs are fully recovered from Crown corporations.
- (e) *Office of the Comptroller General* – This sub-vote provides for:
- (i) *Comptroller General Operations* – provides for: payment, recording, and reporting of government accounts and trust funds including preparation of financial statements; development and implementation of financial administration policies and procedures; analysis and advice on administrative policy issues, accountability initiatives and process improvements; development and interpretation of accounting policies, and operation of the Comptroller General's office. Recoveries are received from ministries.
 - (ii) *Corporate Accounting System* – provides for: the development, implementation, operation and maintenance of a corporate accounting system; the provision of related corporate accounting and administrative services; and using the corporate system to streamline financial management processes on a government-wide basis. Recoveries are received from ministries and Crown corporations.
 - (iii) *Internal Audit Services* – provides for: internal audit services to government including: advice to management regarding the efficiency, effectiveness and accountability of government operations; examining, evaluating and reporting to management on the adequacy of internal financial and management controls throughout government and compliance with legislative and other authorities; provision of risk and control assessments and post-implementation reviews of major information technology systems. Recoveries are received from ministries and Crown corporations.
- (f) *Revenue Operations* – This sub-vote provides for administration of activities and acts including:
- taxation statutes which are the responsibility of the Ministry of Finance and Corporate Relations;
 - ministry responsibilities under the *School Act* regarding residential and non-residential school property taxes collected by municipalities on behalf of the province;
 - advances to local governments in respect of property taxes collected on their behalf;
 - the *Land Tax Deferment Act* and related costs;
 - the *Home Owner Grant Act* as it relates to the non-municipal areas of the province; and
 - payment of interest or refunds of taxation revenues under statutes administered by the Ministry of Finance and Corporate Relations.
- Costs are partially recovered from tax revenues administered by the division.
- (g) *Financial Institutions Commission* – This sub-vote provides for:
- operation of the Financial Institutions Commission and the Credit Union Deposit Insurance Corporation under the *Financial Institutions Act*;
 - administrative costs of regulating credit unions, trust companies, insurance companies, and captive insurance legislation;
 - administration of the *Real Estate Act*, the *Mortgage Brokers Act*, the *Condominium Act*, the *Strata Property Act* and related activities; and
 - administrative costs of credit union stabilization, the Credit Union Deposit Insurance Fund, and related activities.
- These costs are fully recovered from the Credit Union Deposit Insurance Corporation, and through fees, licencing and other charges.

- (h) *Government Services* – This sub-vote provides for executive direction and procurement services by authority of the *Purchasing Commission Act*, the development and administration of public sector purchasing policy to stimulate economic activity in the province, and the negotiation and implementation of the procurement chapter of the Agreement on Internal Trade. This sub-vote also provides for the following functions:
- *Purchasing Commission* – provides for: a purchasing service, including an electronic bidding system linking government buyers and suppliers; planning, evaluation and consultation to ministries and public sector agencies, and assisting British Columbia businesses in obtaining a larger share of the public sector market. Travel alternatives are investigated and travel information is published on the Internet. In addition, provides for costs on matters pertaining to the government's light vehicle fleet, including contract management, and policy direction. A portion of the costs are recovered from special offices, ministries and participating bodies. Costs are fully recovered for the provision of direct procurement services for participating public sector agencies;
 - *Government House* – support for the exercise of the Lieutenant-Governor's constitutional responsibilities, and the ceremonial, diplomatic, hospitality and other activities of the Vice-Regal Office; the operation and maintenance of Government House as the official residence and offices of the Lieutenant-Governor; and official functions including support for government-sponsored events; and
 - *BC Stats* – provides for: the production of economic, social, business and demographic statistical information, data dissemination, and analytical services for government under the *Statistics Act*. Costs incurred for statistical services to ministries and other parties are partially recovered, as are the costs of publications and releases to external users.
- (i) *Provincial Treasury Operations* – This sub-vote provides for: debt management, banking and cash management, accounts receivable collection and loan administration services on a cost recovery basis to its clients, including Crown corporations and the government.
- (j) *Cabinet Operations* – This sub-vote provides for: salaries and other expenses incurred in providing policy, planning and operational support to Cabinet and its committees.
- (k) *Government Policy and Communications Office* – This sub-vote provides for: planning and coordination of strategic policy initiatives, legislative priorities, communications programs and policies, public consultation, advertising and information services for ministries, special offices and certain bodies; and for the public liaison function of government. Recoveries are received from ministries, special offices, Crown corporations and other levels of government for costs associated with media monitoring and other services.

This account is created by the *BC-Alcan Northern Development Fund Act*. The purpose of the account is to promote sustainable economic development in northwestern British Columbia. Expenses are to support investment in new or existing businesses, to create new employment or stabilize existing employment, to support other goals consistent with the Act, and for the operations of the Nechako-Kitimat Development Fund Society.

Interest earned on the fund balance is credited to the account as revenue. Government transfers are provided to the Nechako-Kitimat Development Fund Society to support economic development in northwestern British Columbia. Administration costs are funded through the Ministry Operations Vote.

This vote provides funding for the forest and range stewardship and management activities of the ministry, and for general management and administrative services. The major legislation administered or supported through this appropriation includes the *Forest Act*, the *Range Act* and the *Forest Practices Code of British Columbia Act*. Functions related to these activities and services are performed at provincial, regional and district levels and include:

- (a) *Minister's Office* – This sub-vote provides for the office of the Minister of Forests, and includes the salaries of the minister, the minister's staff and related office expenses.
- (b) *Corporate Services* – This sub-vote provides for senior executive direction; ministry-led forest sector initiatives and coordination of central ministry services including corporate policy, personnel, finance, audit, information technology, communications and public information for ministry initiatives. Government transfers are provided for activities which promote prudent forest management.
- (c) *Forest Resources Management* – This sub-vote provides for provincial forest and range land stewardship and management at provincial, regional and district levels. Government transfers are provided for the promotion of integrated management of forest and range lands and to agencies or groups involved in cooperative forestry research. Funds generated from recreation site fees are used to partially fund the operating costs of forest resources activities. Costs related to the Small Business Forest Enterprise Program are recovered from the Small Business Forest Enterprise Program Special Account. Costs related to the provision of supplies and services may be recovered from other ministries and levels of government, agencies, organizations and individuals. This sub-vote is comprised of the following activities:
 - (i) *Headquarters Resources Management* – provides for headquarters functions associated with the Chief Forester; aboriginal affairs; resource tenures and engineering; compliance and enforcement; timber supply; revenue; forest practices; research; resources inventory; operation of the tree nurseries and the seed centre; and
 - (ii) *Region and District Operations* – provides for regional and district activities; land and resource inventories; aboriginal relationships; higher level planning; timber supply review; tenure administration; operational plan review and approval; cutting permit approval; revenue; compliance and enforcement; recreation site and trail development and maintenance; road and bridge development and maintenance; forest health; research extension; basic silviculture, and regional and district administration.

VOTE DESCRIPTION

This vote provides for fire prevention, control and suppression as prescribed by the *Forest Practices Code of British Columbia Act*. Functions related to these programs and services are performed throughout the province and include:

- (a) *Direct Fire Fighting* – This sub-vote provides for control and suppression of wild fires and ex-gratia payments relating to these activities. Costs related to the provision of supplies and services may be recovered from other agencies and levels of government, provinces, countries, agencies, organizations and individuals.
- (b) *Fire Preparedness* – This sub-vote provides for fire prevention; the infrastructure, personnel, equipment and supplies required to maintain a consistent state of readiness to control and suppress wild fires; and associated research and development. Government transfers are provided to promote fire safety and awareness. Costs related to the provision of supplies and services may be recovered from other agencies and levels of government, provinces, countries, agencies, organizations and individuals.

This account was originally established as a fund by the *Forest Stand Management Fund Act, 1986*, and was changed to a Special Account under the *Special Accounts Appropriation and Control Act, 1988*. Revenue is provided by contributions from municipalities, the forest industry, forest sector unions and others; through money collected under Section 71.1 of the *Forest Practices Code of British Columbia Act*; penalties levied under the *Forest Practices Code of British Columbia Act*; and from stumpage levies. Expenses provide for enhanced management of British Columbia's forest and range lands, for silviculture work performed under Section 71.1 of the *Forest Practices Code of British Columbia Act*, to defray the costs of investigating contraventions of the *Forest Practices Code of British Columbia Act* to defray fire suppression costs relating to contraventions of that Act where a penalty has been levied in respect of the contravention, and for reforestation and road deactivation in areas subject to stumpage levies.

- (e) *Pharmacare* – This sub-vote provides for the management and delivery of Pharmacare programs, including the establishment of policies and systems for the reimbursement of benefits paid under the various Pharmacare programs, negotiation and monitoring of participation agreements, verification and adjudication of claims for benefits, and monitoring of drug utilization. Government transfers are provided to individuals, agencies or other organizations for the full or partial cost of designated prescription drugs, dispensing fees, ostomy supplies, home oxygen, prosthetic appliances and other approved items.
- (f) *Debt Service Contributions* – This sub-vote provides for the provincial government's share of debt servicing costs related to health facility capital projects. Sinking fund assets, which are used to retire existing debt obligations, earn interest that is netted against debt service costs.
- (g) *Amortization of Prepaid Capital Advances* – This sub-vote provides for the amortization of funds advanced for health facility capital projects.
- (h) *Regional Programs* – This sub-vote provides for:
 - (i) *Adult Mental Health* – provides for the management and delivery of mental health services to adults, on both an outpatient basis and in tertiary psychiatric care, as well as adult forensic psychiatric services. Government transfers are provided, and services delivered to, or on behalf of, individuals, corporations, community groups, and other organizations including health authorities, the British Columbia Mental Health Society, and the Forensic Psychiatric Services Commission.
 - (ii) *Public and Preventive Health* – provides for the management and delivery of public and preventive health services including public health nursing, speech, audiology, nutrition and dental services, the Office of the Provincial Health Officer, the Office for Seniors, Women's Health Bureau, health inspection, facilities licensing, environmental health assessment, radiation protection, health services for community living and services provided through the British Columbia Centre for Disease Control Society such as clinical services for tuberculosis and sexually transmitted diseases, laboratory and pharmacy services and other medical services. Government transfers are provided, and services delivered to, or on behalf of, health authorities, individuals, corporations, community groups and organizations including aboriginal health agencies. Recoveries are received from the Medical Services Plan for medical services provided on a contractual basis, the Ministry for Children and Families for public health nursing, speech audiology, nutrition and dental services provided under agreement between the two ministries and from other levels of government for services provided by the ministry.
 - (iii) *Acute and Continuing Care* – provides for the management and delivery of acute, provincial, tertiary and continuing care services, including the provision of operating and equipment funding for acute care hospitals, extended care units, residential care services, community services, and direct care services. Government transfers are provided, and services delivered to, or on behalf of, individuals, and various organizations including health authorities, the Health Employers Association of British Columbia, the Canadian Blood Agency, Canadian Blood Services, BC Transplant Society, Healthcare Labour Adjustment Agency, Occupational Health and Safety Agency and the BC Health Care Risk Management Society. Recoveries are received from the Medical Services Plan for medical services provided on a contractual basis and other levels of government for services provided by the ministry.
- (i) *Recoveries from Health Special Account* – This sub-vote provides for recoveries from the Health Special Account.

Estimates 2000/01 \$000		Estimates 2001/02 \$000	
9,291	Revenue	9,354	
6,992	Expenditure to be voted	7,203	
2,299	Net Revenue (Expenditure)	2,151	

VOTE DESCRIPTION

This vote provides for expenses of the Special Operating Agency responsible for program management and the registration, certification, statistical analysis and reporting of the vital events of birth, marriage, and death, and management of the Health Status Registry, Wills Registry, and change of name process. Government transfers are provided to various individuals, groups, and agencies which provide services on behalf of the Vital Statistics Agency. Recoveries are received as a result of the provision of services for genealogy, pre-adoption records, non-statutory certifications and data extraction, to provincial government ministries, to agencies, to other levels of government and to the public. Revenue represents fees and licences charged by Vital Statistics for the provision of its services net of commissions and allowances for doubtful accounts.

2001/02 BUSINESS PLAN**Business Definition**

The Vital Statistics Agency provides registry and certification functions relative to vital events (births, deaths, and marriages) that occur in British Columbia and complementary services such as Will Notice registrations, Health Status Registry and changes of name. In addition, the agency provides a number of broad health status indicators and other statistical summaries of the contents of its registries.

Goals

1. To register all vital events occurring in British Columbia effectively and efficiently and issue vital event-related licences, permits, and certificates in a manner that meets the service quality expectations of its clients.
2. To fulfill the requirements of registering and performing searches of life events under the *Vital Statistics Act*, the *Name Act*, Part II of the *Wills Act*, and section 5.2 of the *Health Act* effectively and efficiently and in a manner that meets the service quality expectations of its clients.
3. To improve the quality of service provided to aboriginal and ethnic communities.
4. To produce health status indicators and statistical information in support of the ministry's population health goals and assist health planners, administrators, and researchers to measure and monitor the health of British Columbians in a manner that meets the service quality expectations of these clients.
5. To meet the government's requirements of a Special Operating Agency for the submission of plans and regular financial statements, and to achieve increased efficiencies.
6. To expand the provision of alternate service delivery methods.

30,026	Total Vote	31,038

VOTE DESCRIPTION

This vote provides for ministry programs and activities including:

- (a) *Minister's Office* – This sub-vote provides for the office of the Minister of Labour, and includes the salaries of the minister, the minister's staff and related office expenses.
- (b) *Labour Relations and Labour Programs* – This sub-vote provides for: the executive direction of the ministry, including the deputy minister's office; services promoting harmonious labour and employment relations including administration of the *Pension Standards Act*, *Employment Standards Act*, *Skills Development and Fair Wage Act*, and parts of the *Labour Relations Code* relating to arbitration; support services to the Labour Relations Board; related policy and statistical services; support to the Employment Standards Tribunal; and government transfers to agencies and other organizations for the promotion of good employment relationships. Recoveries are received for the costs of client education seminars sponsored by the Employment Standards Branch.
- (c) *Labour Relations Board* – This sub-vote provides for the operation of the mediation, adjudication and registrar functions of the Labour Relations Board, an agency established under the *Labour Relations Code*, to promote harmonious labour relations in British Columbia.
- (d) *Workers' Compensation Review Board and Compensation Advisory Services* – This sub-vote provides for the operations of the Workers' Compensation Review Board, an agency established under the *Workers' Compensation Act* to review decisions made by the Workers' Compensation Board, and for Compensation Advisory Services which provides advice to employers and workers respecting decisions made by the Workers' Compensation Board. Costs associated with the Workers' Compensation Review Board and Compensation Advisory Services are fully recovered from the Accident Fund established pursuant to the *Workers' Compensation Act*, course fees, proceeds from the sale of manuals and disposal of assets, and other sources.

- (e) *British Columbia Gaming Commission* – This sub-vote provides for: establishing the terms and conditions of licences, gaming policies and standard procedures under sub-section 2.1 of the *Lottery Act* for all gaming in British Columbia permitted under paragraphs 207(1)(b),(c),(d) and (f) of the *Criminal Code of Canada*; establishing terms and conditions for direct charitable access to gaming revenue; conducting hearings concerning denials, suspensions and revocations of licences and direct access applications; and conducting relocation and new site hearings for bingo facilities. Government transfers may be made to the benefit of charitable and religious organizations deemed eligible to receive grants to further the charitable purposes or objectives set out in their applications to the British Columbia Gaming Commission. Recoveries are from revenues paid into the Consolidated Revenue Fund by the British Columbia Lottery Corporation.
- (f) *Gaming Policy Secretariat* – This sub-vote provides for overseeing and coordinating the implementation of government gaming policy, as well as providing policy advice and support to the ministry. Government transfers may be made to host local governments where casinos are located. Government transfers may also be made for Development Assistance Contributions which may be provided to successful destination casino proponents to assist in the development of ancillary facilities. Administration costs of the Gaming Policy Secretariat are recovered directly from the British Columbia Lottery Corporation. Government transfers are fully recovered from revenues paid into the Consolidated Revenue Fund by the British Columbia Lottery Corporation.

Financial, human resources, information resources, administrative services, freedom of information and privacy services, and general services and assistance are provided to the Ministry of Labour by other ministries.

VOTE DESCRIPTION

This vote provides for executive direction, operation and delivery of operating and statutory grant programs including:

- (a) *Minister's Office* – This sub-vote provides for the office of the Minister of Municipal Affairs, and includes the salaries of the minister, the minister's staff and related office expenses.
- (b) *Corporate Services* – This sub-vote provides for executive direction and administrative services to the operating programs of the ministry including: financial administration and budget coordination; information and privacy; records management; personnel administration and support; office management and accommodation; communications; and information systems. Costs are partially recovered from parties external to government for ministry services.
- (c) *Safety and Standards* – This sub-vote provides for: public safety programs including the Office of the Fire Commissioner; the establishment of safety standards; inspection services for electricity, natural gas, propane, boiler and pressure vessels, elevating devices, amusement rides, refrigeration systems, aerial tramways, and railways; fire and accident investigations; and the licensing of technical personnel. Government transfers are provided to Local Assistants, as defined by the *Fire Services Act*, for fires investigated and reported to the Fire Commissioner. Some recoveries are made for ad hoc inspection services.
- (d) *Local Government and Community Services* – This sub-vote provides for:
 - administration of the *Local Government Act*, *Local Government Grants Act*, *Growth Strategies Act* and the *Home Owner Grant Act*; review and monitoring of local government administrative and financial practices and procedures; support services to local governments including collection and assessment of statistics and information, analysis of water and sewerage construction projects to support allocation of capital government transfers, investigations into local government issues, and community and regional planning;
 - administration of the *Library Act* and implementation of policies and programs related to community library services; and
 - policy research and development on local government and aboriginal issues, and legislative review.

Government transfers are made for local services as provided under the *Municipal Aid Act*. Government transfers are also paid to local authorities to assist in financing various projects and services, and to various organizations to support library services and projects.

VOTE DESCRIPTION

This vote provides for government transfer programs to local governments and related organizations in British Columbia and administration costs associated with the programs. Major activities include:

- (a) *Community and Regional District Grant Programs* -- This sub-vote provides for general government transfers under the *Local Government Grants Act* including, but not limited to, Small Community Protection and Regional District Basic. Government transfers are also provided for the traffic fine revenue sharing program.
- (b) *Conditional Grant Programs* -- This sub-vote provides for targeted government transfers under the *Local Government Grants Act* to support community, regional, and infrastructure planning; and infrastructure development. A government transfer is also provided in respect of interest costs associated with projects completed as part of the pre-1983 sewer and water program. In addition, government transfers are provided to facilitate institutional change within the local government system.
- (c) *Canada-British Columbia Infrastructure Program* -- This sub-vote provides for government transfers for water and sewerage facilities, and other infrastructure projects under the Canada-British Columbia Infrastructure Program Agreement. Recoveries are received from the federal government in respect of its share of project costs approved under the program.
- (d) *Library Grant Program* -- This sub-vote provides for government transfers to public library boards as defined under the *Library Act*.

Net Revenue (Expense)

Total Account Balance at the End of the Fiscal Year**SPECIAL ACCOUNT DESCRIPTION**

This account was established as a Miscellaneous Statutory Account by authority of the *University Endowment Lands Administration Act*, was continued under the *University Endowment Land Act, 1979*, and became a Special Account under the *Special Appropriations Act, 1982*. The account provides for services to residents of the University Endowment Lands.

Revenue is derived from University Endowment Lands resident ratepayer contributions, including fees, licenses and property taxes. Other revenue sources (net of direct costs) include land sales and rent from land tenures. Expenses represent the transfer to the Ministry Operations Vote of the ratepayers' portion of the costs of providing services.

No financing transactions are provided for under this account.

VOTE DESCRIPTION

This vote provides for executive direction, administrative services and delivery of ministry programs, including:

- (a) *Minister's Office* – This sub-vote provides for the office of the Minister of Small Business, Tourism and Culture, and includes the salaries of the minister, the minister's staff and related office expenses.
- (b) *Corporate Services* – This sub-vote provides for:
 - executive direction and central ministry services including accommodation and telecommunications, audit, finance and administration, information systems, human resources and communications;
 - co-ordination of legislation, corporate policy, business and strategic planning;
 - reserves for doubtful loans, and the interest expense for concessionary loans made under ministry programs and the *Industrial Development Incentive Act*; and
 - reserves for potential payments pertaining to loan guarantees made under the *Financial Administration Act*.

Government transfers are provided to various organizations in support of economic development-related activities. Costs are partially recovered from organizations working in partnership with the ministry, and from parties external to government for ministry services.
- (c) *Government Agents and Small Business* – This sub-vote includes:
 - (i) *Government Agents* – provides for the operation of Government Agent offices throughout the province which provide integrated delivery of programs, services and information on behalf of ministries, agencies, the private sector and other governments. A portion of operating costs is recovered from ministries, participating public bodies and the public.
 - (ii) *Small Business* – provides for the development and administration of programs and services in small business and youth entrepreneurship programs, including small business equity financing, training, access to business information and e-business. Government transfers are provided to various organizations in support of small business and economic development-related activities. A portion of operating costs is recovered from participating public bodies and the public.
- (d) *Culture, Recreation, Heritage and Sport* – this sub-vote provides for support of cultural, heritage, archaeological, recreation and sport activities and the administration and delivery of government programs under the *Arts Council Act*, the *Heritage Conservation Act*, the *Cultural Foundation Act* and the *Klondike National Historic Park Act*, and includes:
 - (i) *Culture and British Columbia Arts Council* – provides for staff and policy support for arts and culture under the authority of the *British Columbia Arts Council Act*; government transfers and programs in support of cultural industries; and other support for the arts and culture sector;
 - (ii) *Heritage and Archaeology* – provides for protection, preservation and management of the province's heritage resources and historic sites including a network of 29 provincial heritage properties. Provides for the protection and conservation of archaeological resources throughout British Columbia by means of a permitting system to regulate activities that may affect sites, and maintenance of a coordinated Provincial Heritage Site Register. Provides funding and management services to the British Columbia Heritage Trust as required by the *Heritage Conservation Act*. Program costs are partially recovered from program revenues; and
 - (iii) *Sport and Community Capital* – provides for administration of the Physical Fitness and Amateur Sports Fund Special Account; planning, development and administration of policies and programs in the areas of amateur sport and recreation; and for the administration of community grant programs. Government transfers are provided to amateur sports groups and associations and to various organizations to support sport and recreation services and projects, and in support of a broad range of community initiatives. A portion of operating costs is recovered from the federal government.

Vote 42 — Special Operating Agency

ROYAL BRITISH COLUMBIA MUSEUM

Estimates 2000/01 \$000		Estimates 2001/02 \$000
11,183	Total Vote	11,454

VOTE DESCRIPTION

This vote provides for expenses of the Special Operating Agency which, pursuant to the *Museum Act*, is responsible for: acquiring, securing, preserving and interpreting artifacts and specimens which illustrate the human and natural history of the province through research, exhibits, public programs, publications and other means. The museum also provides public programs and publications about the cultural and natural environments of British Columbia in a regional, national and international context. Government transfers are provided to assist in research and public programs. Costs for certain programs are partially recovered from program revenues and other organizations.

2001/02 BUSINESS PLAN

Business Definition

The mission of the Royal British Columbia Museum (RBCM) is to provide public programs and objective information about the cultural and natural environments of British Columbia, past and present, in a relevant, accessible, consultative, and entrepreneurial manner. The RBCM has a comprehensive collection of British Columbia artifacts and specimens. These collections and the associated information are made accessible in the exhibit galleries in Victoria and beyond by a variety of means ranging from electronic media to regional programming partnerships. The educational and informational programming is directed at informing people about all facets of British Columbia science and culture and setting that information into a world context. The collections are developed and the information about the collections is enhanced through research.

Goals

The following strategic objectives were developed as a result of public consultation:

1. To become more relevant and responsive to the public throughout British Columbia;
2. To innovate in developing and disseminating knowledge through exhibits, programs, and technology;
3. To increase self-sufficiency by becoming less financially dependent on government; and
4. To focus on results by working together productively to achieve the objectives of our annual business plan.

Vote 42 — Special Operating Agency

* As this is a non-revolving Special Account, gross disbursements (new loans) reduce the balance of the account. The Net Cash Source (Requirement) refers to the impact of the financing transaction on the General Fund, not the Special Account.

SPECIAL ACCOUNT DESCRIPTION

Loans (disbursements) are provided to assist small business investment in aquaculture and industrial production facilities and equipment under the Small Business Incentives Subsidiary Agreement and other programs. Loans may also be provided to support economic plans of the Job Protection Commission.

The account has no operating revenue or expense since amounts received for interest and principal on outstanding loans are credited to the General Fund, and all administration costs, concessionary expenses and reserves for doubtful accounts are funded through the ministry's voted appropriations. Disbursements represent new loans.

VOTE DESCRIPTION

This vote provides for assistance to help people in British Columbia achieve economic security. Programs support labour market attachment, skills training, housing, building standards, child care, BC Benefits, services for people with disabilities and moving individuals from welfare to work.

- (a) *Minister's Office* – This sub-vote provides for the office of the Minister of Social Development and Economic Security, and includes the salaries of the minister, the minister's staff and related office expenses.
- (b) *Program Management* – This sub-vote provides for:
 - (i) *Corporate Services* - provides for direct operating costs relating to the overall direction, development and support of ministry programs, including the ministry executive and central ministry services, as well as the Office for Disability Issues and housing programs. Central ministry services include communications, housing policy, building policy, research and performance measurement, intergovernmental relations, human resources services and staff training, financial services, information technology services, facilities services, and access to information and privacy. Recoveries are received from ministries for services provided on their behalf and from parties external to government for ministry services;
 - (ii) *Program Operations* – provides for the direct operating costs of delivering BC Benefits Programs including the administration of benefits and services authorized under the *BC Benefits (Income Assistance) Act* and Regulation, *BC Benefits (Youth Works) Act* and Regulation, *Disability Benefits Program Act* and Regulation, and the *BC Benefits (Child Care) Act* and Regulation, and for other services and programs delivered directly or by other ministries. Also provides for direct operating costs relating to emergency social services coordination and delivery. Government transfers are paid in support of these activities.

- (c) *BC Benefits Programs* – This sub-vote provides for government transfers to individuals and organizations authorized under the *BC Benefits (Income Assistance) Act* and Regulation, *BC Benefits (Youth Works) Act* and Regulation, *Disability Benefits Program Act* and Regulation, and the *BC Benefits (Child Care) Act* and Regulation, and for programs in support of BC Benefits Programs, including:
- (i) *Income Assistance* – provides for income support benefits to persons eligible under the *BC Benefits (Income Assistance) Act*;
 - (ii) *Disability Benefits* – provides for income support benefits to persons eligible under the *Disability Benefits Program Act*;
 - (iii) *Youth Works* – provides for income support benefits to persons eligible under the *BC Benefits (Youth Works) Act*;
 - (iv) *Community Support Services* – provides for community-based support services which complement and support ministry programs including the Community Services Fund, hostels and emergency shelters, home support workers, pre-employment programs, interpreter and translation services, payment of user fees on behalf of eligible persons for continuing care and alcohol and drug rehabilitation and other in-kind benefits such as fees for identification documents, and costs incurred under the Family Maintenance Program on behalf of eligible clients. Also provides for community-based training and support for emergency social services, and subsidized bus passes to persons eligible under the *BC Benefits (Income Assistance) Act* Regulation and the *Disability Benefits Program Act* Regulation and to eligible persons sponsored by Indian and Northern Affairs Canada;
 - (v) *Child Care Services* – provides for payments authorized under the *BC Benefits (Child Care) Act* and Regulation for child care subsidies paid to or on behalf of eligible families and government transfers provided to organizations to stabilize, support and expand the child care system;
 - (vi) *Health Care and Dental Services* – provides for medical benefits for eligible individuals and families qualifying under the *BC Benefits (Income Assistance) Act* and Regulation, *BC Benefits (Youth Works) Act* and Regulation, and the *Disability Benefits Program Act* and Regulation. Also provides for dental and optical benefits to children in the care of the Ministry for Children and Families and for children eligible under the AtHome program; and
 - (vii) *Labour Market Programs* – provides for payments to organizations, employers and individuals in support of a wide range of skills development and labour market attachment services, including government transfers under the federal-provincial Employability Assistance for Persons with Disabilities Agreement, Industrial Adjustment Services and Youth Options BC. Also provides for salaries and benefits for disabled persons receiving on the job training under the Public Service Training Program.

Recoveries are received from the federal government and from assignments authorized by legislation, from repayable benefits and overpayments, from Bus Pass Program user fees, and from agencies contributing to or sharing in the cost of sponsored services.

- (e) *Highway Maintenance* – This sub-vote provides for:
 - (i) *Road and Bridge Maintenance Contracts* – provides for payments to contractors for maintenance and operation of highways and roads, bridge structures, tunnels, and for winter maintenance involving snow and ice removal. Recoveries are received from parties external to the ministry for services provided by these contractors on their behalf.
 - (ii) *Other Maintenance* – provides for the maintenance and operation of reaction ferries and ferry landings, district operations and regional and headquarters maintenance activities which include, but are not limited to: centerline painting; electrical maintenance; noxious weed control; crosshatching and avalanche control. Government transfers are provided to various organizations in support of transportation related activities. Recoveries are received from parties external to the ministry for services provided, use of ministry equipment and materials, and for leased premises; and
 - (iii) *Betterments* – provides for rehabilitation activities which include, but are not limited to: road upgrading; bridge betterments; pavement rehabilitation; avalanche mitigation; wildlife fencing; rock stabilization; rest area upgrades; roadside development; environmental clean up; and, electrical installations and infrastructure upgrades. Recoveries are received from parties external to the ministry for projects.
- (f) *Highway Capital Construction* – This sub-vote provides for:
 - (i) *Recoverable Highway Expansion* – provides for planning, engineering, design, survey, construction, reconstruction, legal services, property acquisition and expropriation for provincial highways, roads, bridges, inland ferries and ferry landings, and tunnels. Recoveries are received from the BC Transportation Financing Authority for projects carried out on behalf of the authority to improve safety, capacity, accessibility, and service levels. Recoveries are also received from other parties external to the ministry for work carried out on their behalf; and
 - (ii) *Recoverable Highway Rehabilitation* – provides for rehabilitation activities which include, but are not limited to: road and bridge surfacing; bridge rehabilitation and replacement; seismic retrofit; and safety improvements for provincial highways, roads, bridges, and tunnels. Recoveries are received from the BC Transportation Financing Authority and other parties external to the ministry for projects carried out on their behalf to preserve and replace the existing highway system.
- (g) *Grant to the BC Transportation Financing Authority* – This sub-vote provides for a government transfer towards the financing costs related to capital road improvements undertaken by the corporation under the *Build BC Act*.
- (h) *Inland Ferries* – This sub-vote provides for the operation and maintenance of cable ferries and ferries operated by licenced marine staff. This sub-vote also provides for rehabilitation and improvements to inland ferry vessels and ferry landings. Government transfers are provided to various organizations in support of ferry operations.
- (i) *Office of the Superintendent of Motor Vehicles* – This sub-vote provides for the Office of the Superintendent of Motor Vehicles which administers sections of the *Motor Vehicle Act* relating to dangerous drivers and the fitness of drivers; conducts appeals of administrative driving prohibitions and vehicle impoundments; and, conducts hearings and reviews of Insurance Corporation of British Columbia decisions respecting driver licence sanctions, driver training and driver trainer licences, vehicle inspection facility and inspector licences, and licensing sanctions affecting motor carriers regulated under the National Safety Code. This sub-vote also provides for certain activities in support of the government traffic safety initiatives. Recoveries are received from the Insurance Corporation of British Columbia and other parties external to the ministry for services provided on their behalf.

VOTE DESCRIPTION

This vote provides for the cost of managing public funds and debt, and includes the following:

- (a) *Cost of Borrowing for Government Operating and Capital Financing Purposes* – This sub-vote provides for the cost of interest on the direct debt of the province incurred or assumed for government operating purposes and for education, health facility and public transit capital financing purposes as follows:
- (i) *Government Operating Purposes* – provides for interest costs on direct debt incurred or assumed for operating purposes, and for associated costs and fees charged for the borrowing and management of government funds and debt instruments. Recoveries from the use of financial instruments such as interest rate swaps and forward rate agreements, and revenue earned from sinking fund investments and prefunding operations are offset against the related interest expenditure. Costs associated with the student loans program are recovered from the debt servicing appropriation in the Ministry of Advanced Education, Training and Technology;
 - (ii) *Schools Capital Financing* – provides for interest costs and associated costs and fees for approved capital construction projects, and bus and equipment purchases. Recoveries from the use of financial instruments such as interest rate swaps and forward rate agreements, and revenue earned from sinking fund investments are offset against the related interest expenditure. The remaining costs are recovered from the debt servicing appropriation in the Ministry of Education;
 - (iii) *Post-Secondary Institutions Capital Financing* – provides for interest costs and associated costs and fees for approved capital costs of new buildings, renovations and improvements to universities, colleges, institutes and agencies. Recoveries from the use of financial instruments such as interest rate swaps and forward rate agreements, and revenue earned from sinking fund investments are offset against the related interest expenditure. The remaining costs are recovered from the debt servicing appropriation in the Ministry of Advanced Education, Training and Technology;
 - (iv) *Health Facilities Capital Financing* – provides for interest costs and associated costs and fees for approved capital costs of health facility projects. Recoveries from the use of financial instruments such as interest rate swaps and forward rate agreements, and revenue earned from sinking fund investments are offset against the related interest expenditure. The remaining costs are recovered from the debt servicing appropriation in the Ministry of Health;
 - (v) *Public Transit Capital Financing* – provides for interest costs and associated costs and fees for debt related to capital expenditures for selected public passenger transit services in communities around the province. Recoveries from the use of financial instruments such as interest rate swaps and forward rate agreements, and revenue earned from sinking fund investments are offset against the related interest expenditure. The remaining costs are recovered from the Public Transit vote appropriation in the Ministry of Social Development and Economic Security; and
 - (vi) *SkyTrain Extension Capital Financing* – provides for interest costs and associated costs and fees for debt related to rapid transit capital expenditures in the Lower Mainland. Recoveries from the use of financial instruments such as interest rate swaps and forward rate agreements are offset against the related interest expenditure. The remaining costs are recovered from the Ministry of Social Development and Economic Security through the Public Transit vote appropriation (for interest relating to assets in operation) or the Prepaid Capital Advances (Rapid Transit Project 2000) financing transaction (for costs that are capitalized as interest during construction).

Vote 47 – Continued

- (b) *Cost of Borrowing for Relending to Government Bodies* – This sub-vote provides for the cost of interest on borrowings under the fiscal agency program, and all associated costs. These costs are fully recovered from government bodies. Recoveries from the use of financial instruments such as interest rate swaps and forward rate agreements are offset against the related interest expenditure.
- (c) *Cost of Financial Agreements Entered Into on Behalf of Government Bodies* – This sub-vote provides for the cost of financial agreements entered into by the government on behalf of government bodies and all associated costs. These agreements are in relation to borrowings of the government bodies that do not involve the provincial government, and to commodity derivatives. These costs are fully recovered from government bodies. Recoveries from the use of financial instruments such as interest rate swaps and forward rate agreements are offset against the related interest expenditure.
- (d) *Provincial Treasury Revenue Program* – This sub-vote provides for costs associated with special revenue programs. The programs are structured so that interest (and other earnings) on program assets exceed interest (and other payments) on program liabilities. Any profit or loss is transferred to the Provincial Treasury Revenue Special Account. Recoveries may be made from investment earnings of the Consolidated Revenue Fund. Recoveries from the use of financial instruments such as interest rate swaps and forward rate agreements are offset against the related interest expenditure.
- (e) *Cost of Unallocated Borrowing Under the Warehouse Program* – This sub-vote provides for the costs associated with debt issued in advance of requirements. At the time of borrowing, the debt has not been allocated to the province or any government body. The program is structured so that interest (and other earnings) on program assets offsets interest (and other payments) on program liabilities. Recoveries from the use of financial instruments such as interest rate swaps and forward rate agreements are offset against the related interest expenditure. There is no profit or loss associated with the program.

VOTE DESCRIPTION

This vote provides additional funding for items budgeted in other votes to accommodate the financial consequences of unanticipated and contingent events. Unanticipated events include developments during the year that could not be reasonably anticipated when the budget was prepared. Contingent events include developments that could be anticipated but not with enough certainty to make a reasonable estimate of budget costs, or where final costs are dependent on a pending decision by government or another party.

This vote also provides for unanticipated events not budgeted in other votes, but which are consistent with the general purposes of those votes. This includes natural disasters, emergency relief and assistance for those in need. *Ex gratia* payments are also provided for. In addition, this vote provides for the funding of new government programs.

VOTE DESCRIPTION

This vote provides for the recognition of commissions paid for the collection of public funds and for allowances for doubtful collection of revenue accounts, and includes the following:

- (a) *Commissions on Collection of Public Funds* – This sub-vote provides for the recognition of payments to or amounts withheld by parties on account of commissions and/or remunerations for services provided to the government relating to the administration, collection and management of revenue and accounts owed to the government as authorized under various statutes/regulations. This sub-vote also provides for collection costs incurred by the Loans Administration Branch, Ministry of Finance and Corporate Relations, and includes amounts related to the collection of:
- Ministry of Advanced Education, Training and Technology – student loans and other government accounts.
 - Ministry of Agriculture, Food and Fisheries – livestock fees, fishing licence fees and other government accounts.
 - Ministry of Attorney General – court fines and penalties and other government accounts.
 - Ministry of Environment, Lands and Parks – hunting licence fees and other government accounts.
 - Ministry of Finance and Corporate Relations – personal and corporate income tax, social service tax, fuel tax, tobacco tax, and other government accounts.
 - Ministry of Forests – stumpage revenues and other government accounts.
 - Ministry of Health – Medical Services Plan premiums, ambulance service and Vital Statistics Agency fees, and other government accounts.
 - Ministry of Municipal Affairs – administration of gas and electrical safety fees, and other government accounts.
 - Ministry of Small Business, Tourism and Culture – student venture loans and other government accounts.
 - Ministry of Social Development and Economic Security – BC Benefits overpayments and other government accounts.
 - Ministry of Transportation and Highways – administration of motor vehicle licences and permits, motor vehicle violation fines and other government accounts.

14,891	Total Vote	14,624
117	Fulltime Equivalent (FTE) Employment	117

VOTE DESCRIPTION

This vote provides for a process for environmental assessment of major projects, as outlined in the *Environmental Assessment Act*, for coordination of corporate land use strategies, planning and projects, for the Muskwa-Kechika Trust Fund as outlined in the *Muskwa-Kechika Management Area Act*, and for corporate resource inventory initiatives. Functions related to these activities include:

- (a) *Environmental Assessment Office* – This sub-vote provides for the overall administration of a neutral and publicly open process for the assessment of the environmental, economic, social, cultural, heritage and health effects of major project proposals. In addition, the Environmental Assessment Office provides the facilitation, coordination and resources for reviews and other forms of enhanced public consultation that are considered special, or unique projects. Government transfers are made to participants in project assessments who would be unable to participate without financial assistance.
- (b) *Land Use Coordination Office* – This sub-vote provides for interministry program coordination of corporate land use strategies, planning and projects including the protected areas strategy and marine protected areas. The Land Use Coordination Office undertakes special or unique land and resource projects for government. Government transfers are made to participants in planning processes who would be unable to participate without financial assistance. Recoveries are made from the Muskwa-Kechika Trust Fund for services provided to the Trust Fund. Costs related to the Crown Land Use Planning Enhancement program are recovered from Forest Renewal BC. Costs related to Trans-Canada Trail Project management and construction are recovered from the BC Transportation Financing Authority. Recoveries are received from agencies, organizations or other levels of government for costs incurred under various cost-sharing agreements.
- (c) *Corporate Resource Inventory Initiative* – This sub-vote provides for the collection, analysis, management and dissemination of biophysical, cultural, archaeological, social and economic information and support of land use planning and resource management activities including negotiations with First Nations. Government transfers are provided to First Nations and others for program-related work.
- (d) *Muskwa-Kechika Trust Fund* – This sub-vote provides for a government transfer to the Muskwa-Kechika Trust Fund for the area's management, related planning and research and administration. The authority is established under the *Muskwa-Kechika Management Area Act*.

VOTE DESCRIPTION

This vote provides for:

- (a) *Administration and Support Services* – This sub-vote provides for administrative and support services for the Environmental Boards and the Forest Appeals Commission. Administrative costs for some appeals are recovered from the Ministry of Health.
- (b) *Environmental Appeal Board* – This sub-vote provides for operation of the Environmental Appeal Board, which hears appeals to decisions made under environmental legislation. Costs related to some appeals are recovered from the Ministry of Health.
- (c) *Environmental Assessment Board* – This sub-vote provides for independent public hearings on project proposals under the *Environmental Assessment Act*, for reviews of matters referred by the Minister of Environment, Lands and Parks and for reviews of activities under other enactments. Government transfers are provided to participants in public hearings who would be unable to participate without financial assistance.
- (d) *Forest Appeals Commission* – This sub-vote provides for operation of the Forest Appeals Commission in meeting the requirements of Part 9 of the *Forest Practices Code of British Columbia Act*, including hearing appeals under the Act, evaluating how the Act, regulations and standards are functioning, and recommending amendments. This sub-vote further provides for the hearing of appeals by the Forest Appeals Commission under Part 12 of the *Forest Act* and section 41 of the *Range Act*.

VOTE DESCRIPTION

This vote provides funding to support the Green Economy Initiative, a provincial strategy to expand the economy and improve the quality of life of all British Columbians by promoting economic opportunities and activities that support environmental excellence. Functions related to these activities include:

- (a) *Green Economy Secretariat* – This sub-vote provides for the management and operation of the Green Economy Secretariat, which supports the Green Economy Working Group of Cabinet. It provides for the development of policies, strategies and plans to deliver the green economy initiative in coordination with other provincial ministries and agencies.
- (b) *Green Technology Demonstration* – This sub-vote provides government transfers to assist demonstrations or commercialization of BC developed green technology which clearly demonstrate environmental and economic benefits to the province.

INSURANCE AND RISK MANAGEMENT

Revenue and recoveries represent amounts paid into the account by or in respect of participants under agreements, and earnings of the account. Expenses represent the cost of services provided to or on behalf of participants, amounts required to be paid under regulation or amounts appropriated for that purpose. Revenues are received from government entities not included in the Consolidated Revenue Fund. Expenses are for administrative costs associated with risk management services; and costs related to agreements or arrangements for risk management services, purchases of insurance, and/or self-insurance services provided to government bodies, ministries, public authorities, persons, hospitals, regional health boards, community health councils, schools, colleges, and universities, and for investigation and settlement of claims. Recoveries are received from government entities included in the Consolidated Revenue Fund, and are netted against expenses.

SPECIAL ACCOUNT DESCRIPTION

This account was established by authority of the *Purchasing Commission Act*. The account is administered by the Ministry of Finance and Corporate Relations. The account provides the Purchasing Commission with working capital to finance the acquisition of capital assets for use by special offices and ministries. All expenditures are recoverable from ministries and special offices over the life of the capital assets.

Revenue is received from the disposal of government assets.

Science and Technology Fund	—	(16,361)	(16,361)	—	—	—	—
Total	—	(129,120)	(129,120)	—	—	—	—
Total Special Accounts and Special Fund (net of transfers)	1,299,952	563,639	362,320	4,200	52,490	(155,741)	1,297,240

¹ Special Accounts are part of the General Fund.

² Other adjustments consist of reductions in statutory spending authority, receipts that have no impact on the Special Account balances, and miscellaneous adjustments.

³ Transfers from voted appropriations are eliminated to establish the amount of Special Account expenses that do not require voted appropriations. This net amount of Special Account expense is then deducted from total expenses in the determination of *Supply Act* requirements shown on page 17.

Schedule C

FINANCING TRANSACTIONS
PREPAID CAPITAL ADVANCES¹
(for the Fiscal Year Ending March 31, 2002)
(\$000)

	Receipts	Disbursements	Net Cash Source (Requirement)
Ministry of Advanced Education, Training and Technology²			
Prepaid Capital Advances	—	136,000	(136,000)
Ministry of Education²			
Prepaid Capital Advances	—	369,000	(369,000)
Ministry of Health²			
Prepaid Capital Advances	—	345,000	(345,000)
Ministry of Social Development and Economic Security²			
Prepaid Capital Advances (British Columbia Transit)	—	7,000	(7,000)
Prepaid Capital Advances (Rapid Transit Project 2000)	—	309,000	(309,000)
Total Prepaid Capital Advances	<u>—</u>	<u>1,166,000</u>	<u>(1,166,000)</u>

¹ Commencing in 1998/99, loans and capital funding provided to school districts and post secondary institutions are treated, for financial statement reporting purposes, as prepaid capital advances (assets of the Consolidated Revenue Fund (CRF)) and amortized over the useful life of the underlying assets. The amortization period for these advances, on average, approximates 30 years. Commencing with the 2000/01 fiscal year, loans and capital funding provided to British Columbia Transit and health facilities for capital projects are accounted for in the same manner. Since the borrowing for schools, post secondary institutions, public transit and health facilities capital is now raised directly through the CRF, these financial requirements are included in the annual *Supply Act*. Section 56.1(1) of the *Financial Administration Act* defines institutions that are eligible to receive prepaid capital advances.

² Disbursements by the Ministry of Advanced Education, Training and Technology are for capital costs of new buildings, renovations and improvements to universities, colleges, institutes and agencies. Disbursements by the Ministry of Education are for capital costs of new buildings, renovations and improvements to schools and other school district buildings and for bus and equipment purchases. Disbursements by the Ministry of Health are for capital costs of new buildings, renovations and improvements for health facilities and agencies and equipment. Disbursements by the Ministry of Social Development and Economic Security are for capital expenditures for public passenger transit services, rapid transit in the lower mainland, and capitalized borrowing costs relating to Rapid Transit Project 2000 debt.

¹ Administered by the Minister of Finance and Corporate Relations.

² These expenditures are to provide for the purchase or capital lease of tangible capital assets to be held by the Consolidated Revenue Fund. The acquired tangible capital assets are to assist in the delivery of programs of those offices, ministries and other appropriations.

³ See Schedule D1.

⁴ The capital asset acquisitions of each special account are shown in the capital expenditure section of the 2001/02 Supplement to the Estimates.

¹ The purpose of this table is to show the receipts and disbursements for financing transactions related to ministry programs, or administered by ministries, in order to fully disclose the government's financial transactions and provide documentation for the *Supply Act* which authorizes financial requirements. Further information on these financing transactions is included in the appropriate ministry section of the Estimates.

Schedule G

FULLTIME EQUIVALENT (FTE) EMPLOYMENT

Fulltime equivalent (FTE) employment is the estimate of each special office's, ministry's and taxpayer-supported Crown corporation's annual staff utilization. The *Financial Administration Act* defines Consolidated Revenue Fund FTE staff utilization to include all employees whose salaries are paid directly from the Consolidated Revenue Fund. The term fulltime equivalent is defined as the employment of one person for one full year or the equivalent thereof (for example, the employment of two persons for six months each). Ministry and special office FTEs are calculated by dividing each special office's and ministry's total hours of permanent, auxiliary, temporary, seasonal and overtime employment paid, or estimated to be paid, for the fiscal year, by the normal paid working hours for one fulltime employee for one year. Taxpayer-supported Crown corporations FTEs are estimated in a similar manner.

The table below provides a summary of estimated fulltime equivalent employment by special office, ministry and taxpayer-supported Crown corporation for the 2000/01 and 2001/02 fiscal years. The 2000/01 ministry and special office numbers are restated to reflect program and staff transfers among ministries (see Schedule A for a detailed reconciliation). The 2000/01 FTE utilization is forecast to be 43,700 FTEs.

Total	43,950	44,486

¹ 2000/01 figures for taxpayer-supported Crown corporations are based on forecast FTE utilization. The 2000/01 Estimates did not include budgeted FTE utilization for these Crown corporations.

PENSION ACCOUNTING

There are three major pension plans sponsored by the province: the Public Service Pension Plan, the Municipal Superannuation Plan, and the Teachers' Pension Plan. A fourth plan, the College Pension Plan, was previously sponsored by the province, however, as of April 1, 2000 that plan became the joint responsibility of the province and the plan participants.

Accounting Policy

In the early 1990s, the government sponsored pension plans had estimated unfunded liabilities¹ totaling approximately \$2,900 million. In order to recognize the government's exposure to future pension funding requirements, the unfunded liabilities were recognized in the Public Accounts as liabilities on the government's balance sheet. Subsequent actuarial valuations have shown significant improvements in the plans' unfunded liability positions.

In prior years government accounting policy for pensions required the amortization of the reduction in unfunded pension liabilities over periods of 10 to 13 years. This amortization resulted in a negative expense in the Consolidated Revenue Fund. The accounting policy did not allow for the amortization of any actuarial surpluses in the pension plans.

After the 2000/01 Estimates were passed, government changed its accounting policy for pensions to conform with recent changes to Public Sector Accounting Board (PSAB) recommendations. PSAB recommendations effectively require government to include in its financial statements, the annual estimated net change in each plan's actuarial position. This includes recognition of pension surpluses as they occur. Since all of the government sponsored plans have experienced substantial reductions in unfunded pension liabilities in recent years, the change in accounting policy resulted in significant incremental negative expenses in 1999/00 and 2000/01.

The 2000/01 Estimates did not incorporate this accounting policy change since the change was made part way through the 2000/01 fiscal year. The 1999/00 Public Accounts incorporated the new accounting policy. The 2000/01 Restated Estimates comparative figures have been restated to reflect the retroactive application of the accounting policy change (see Estimates Accounting Policies Note 3).

Joint Trusteeship

Joint trusteeship removes the government as sole sponsor of the plan and places that sponsorship with a newly constituted pension board that is made up of equal representation from government and plan members. In accounting terms, this is analogous to terminating the original plan and establishing a new plan for which the government is liable for 50 percent of any unfunded liabilities. Therefore, when a joint trusteeship agreement takes effect, the government eliminates any unfunded liability in its accounts for that plan and recognizes one half of any unfunded liability that exists at the time the agreement takes effect. If the pension plan is balanced or has a surplus, the government eliminates the entire liability. Since the government has no formal claim on pension plan surpluses, the 50 percent interest in pension surpluses is not recognized in the government's accounts. The elimination of the liability (establishment of any new liabilities), is recognized through the government's income statement as a negative (positive) expense in the year in which the Joint Trusteeship takes effect.

A joint management agreement for the Public Service Pension Plan took effect January 1, 2001. Joint management agreements for the Municipal Superannuation Plan and the Teachers' Pension Plan are expected to take effect early in fiscal 2001/02. Since the Public Service Pension Plan has a surplus and the Municipal Superannuation Plan is expected to have a surplus at the time the Joint Trusteeship agreements take effect, the full amount of the unfunded liability is expected to be removed from the government's accounts. The Teachers' Pension Plan will have an estimated unfunded liability of approximately \$350 million when the Joint Trusteeship takes effect, therefore the government reduces the unfunded liability to \$175 million (one half of the outstanding liability). That liability will be reduced each year by the estimated annual actuarial improvement in the plan.

Unfunded Liability on the Summary Accounts Balance Sheet ¹

	(\$000) Public Service	Municipal ²	Teachers'	Total
March 31, 2000 (per Public Accounts)	124,000	357,000	1,565,000	2,046,000
2000/01 plan improvement (negative expense)	(144,000)	(207,000)	(151,000)	(502,000)
Employer contributions	(92,000)			(92,000)
2000/01 Joint Trusteeship impact	112,000			112,000
March 31, 2001		150,000	1,414,000	1,564,000
2001/02 Joint Trusteeship impact		(150,000)	(1,240,000)	(1,390,000)
2001/02 plan improvement (negative expense)			(58,000)	(58,000)
March 31, 2002 (forecast) ³			116,000 ⁴	116,000

¹ The accrued benefits actuarial valuation of a plan is the present value of current plan assets plus projected investment returns less expenditures (pension benefits and administration) required to finance the plan for existing members for years of service provided to the date of the valuation. If the net present value of a plan is negative, the plan has an unfunded liability; if positive, the plan has a surplus.

² Represents the provincial share of the unfunded pension liability in the Municipal Superannuation Plan.

³ The March 31, 2002 amount does not include a \$7 million unfunded pension liability in the Members of the Legislative Assembly Superannuation Plan.

⁴ Represents the province's 50 per cent share of the estimated unfunded pension liability after joint trusteeship.

The Consolidated Summary Statement of Operations is presented for information purposes. The table discloses budgeted amounts for revenues and expenses of the Summary Accounts entity on a functional basis. The statement fully consolidates the taxpayer-supported Crown corporations and agencies with the Consolidated Revenue Fund. This results in revenues and expenses of the Crowns/agencies being added to those of the Consolidated Revenue Fund. Figures have been rounded to the nearest million.

Consolidated Revenue Fund Operating Result Before Joint Trusteeship ..	290,000	—	—	—	290,000

¹ Gross figures are determined by adding to both revenues and expenses certain external recoveries that are netted from expenditures. Similarly, certain amounts netted off of revenues are added to both revenues and expenses. The adjustments to the revenues and expenses are equal and offsetting, therefore, the Consolidated Revenue Fund Operating Result Before Joint Trusteeship is not affected. Some ministry gross totals may not agree to ministry gross expense totals disclosed in ministry Estimates pages, since the ministry pages do not include Revenue Transfers or Adjustments.

² Adjustments reflect amounts included in external recoveries and revenue transfers are not included in the gross totals.

EXPLANATORY NOTES ON THE GROUP ACCOUNT CLASSIFICATIONS OPERATING EXPENSES

Voted expenses for special offices, ministries and other appropriations are presented in the *Estimates* on the basis of a group account classification system. Each group account represents a broad category of expense and is comprised of several specific components (standard objects of expense). A supplementary publication, *Supplement to the Estimates*, provides detail for each special office, ministry and other appropriation at the standard object of expense level. The account classification system is described below in more detail.

Salaries and Benefits

- *Base Salaries* – includes the cost of base salaries, overtime pay and lump sum payments for all permanent and temporary direct employees of the government.
- *Supplementary Salary Costs* – includes the cost of extra pay for certain types of work such as shift differential, premiums and allowances.
- *Employee Benefits* – includes the cost of employer contributions to employee benefit plans and pensions. Other benefits paid by the employer such as relocation and transfer expenses are also included.
- *Legislative Salaries and Indemnities* – includes the cost of the annual M.L.A. indemnity and supplementary salaries as authorized under Sections 2 and 3 of the *Legislative Assembly Allowances and Pension Act*. The expense allowance payable under subsection 2 (1) is classified under Other Expenses. Salaries for the Executive Council and Officers of the Legislature are also included.

Operating Costs

- *Boards, Commissions and Courts – Fees and Expenses* – includes fees paid to board and commission members, juries and witnesses and related travel and out-of-pocket expenses.
- *Public Servant Travel* – includes travel expenses of direct government employees and officials on government business including prescribed allowances.
- *Professional Services* – includes fees and expenses for professional services rendered directly to government for: the provision of goods and services in the delivery of government programs; the provision of goods or services that are required by statute or legislation and are billed directly to the government; and the provision of goods or services that will assist in the development of policy and/or programs or improve/change the delivery of programs, such as management consulting services.
- *Information Systems – Operating* – includes all contract fees and costs related to data, voice, image and text processing operations and services such as data and word processing, data communications charges, supplies, repairs, maintenance and short-term rentals of information processing equipment.
- *Office and Business Expenses* – includes supplies and services required for the operation of offices.
- *Advertising and Publications* – includes costs associated with non-statutory advertising and general publications.
- *Statutory Advertising and Publications* – includes costs associated with special notices and publications required by statute and regulations.
- *Utilities, Materials, and Supplies* – includes the cost of services such as the supply of water and electricity, materials and supplies required for normal operation of government services and food for institutions.
- *Operating Equipment and Vehicles* – includes the costs associated with the repair and maintenance of government vehicles, and operating machinery and equipment.
- *Non-Capital Roads and Bridges* – includes highway costs recovered from the BC Transportation Financing Authority (BCTFA), costs for minor enhancements to capitalized infrastructure, as well as non-highway road costs.
- *Amortization* – includes the amortization of the cost of capital assets and prepaid capital advances over their useful lives.
- *Building Occupancy Charges* – includes payments to the British Columbia Buildings Corporation (BCBC) or the private sector, for the rental and maintenance of buildings and office accommodation, including tenant improvements that do not meet the criteria for capitalization.

EXPLANATORY NOTES ON THE GROUP ACCOUNT CLASSIFICATIONS – *Continued*

Government Transfers

- *Transfers – Grants* – includes discretionary grants to individuals, businesses, non-profit associations and others, where there are no contractual requirements.
- *Transfers – Entitlements/Agreements* – includes payments and reimbursements under contract, formula-driven agreement, shared cost or other agreement, statute or regulation, to individuals for defined benefits; or to individuals, public bodies and organizations for the provision of goods and/or services to the public.

Other Expenses

- *Transfers Between Votes and Special Accounts and Funds* – includes transfers (payments) between a vote and a Special Account or a Special Fund.
- *Interest on the Public Debt* – includes only interest payments on the direct provincial debt borrowed for government purposes.
- *Other Expenses* – includes expenses such as financing costs, valuation allowances and certain MLA expenses which cannot be reasonably allocated to another standard object of expense.

Recoveries

- *Recoveries Between Votes and Special Accounts and Funds* – includes recoveries between a vote and a Special Account or a Special Fund.
- *Recoveries Within the Consolidated Revenue Fund* – includes recoveries for the use of equipment or the provision of goods and services between ministries of the provincial government.
- *Recoveries External to the Consolidated Revenue Fund* – includes costs and amounts recovered from government corporations, other governments, and non-government organizations; the amortization of previously established liabilities; the offset for commissions paid for the collection of government revenues and accounts; and the write-off of uncollectible revenue related accounts.

CAPITAL EXPENDITURES

Capital expenditures for special offices, ministries and other appropriations are presented in the Estimates under Capital and Other Financial Requirements and in Schedule D. The *Supplement to the Estimates* provides detail for each special office, ministry and other appropriation at the standard object of capital expenditure level. The category of assets is described below.

- *Land* – includes the purchased or acquired value for parks and other recreation purposes and land directly associated with capitalized infrastructure (buildings, ferries and bridges); but does not include land held for resale.
- *Land Improvements* – includes the capital costs for improvements to dams and water management systems and recreation areas.
- *Buildings* – includes the purchase, construction or major improvement of buildings owned by the Consolidated Revenue Fund.
- *Specialized Equipment* – includes the purchase or capital lease cost of heavy equipment such as tractors, trailers and ambulances, as well as telecommunications relay towers and switching equipment.
- *Office Furniture and Equipment* – includes the cost or capital lease cost of office furniture and equipment.
- *Vehicles* – includes the purchase or capital lease cost of passenger, light truck and utility vehicles.
- *Information Systems* – includes the purchase of mainframe and other systems hardware, software and related equipment.
- *Tenant Improvements* – includes the cost or capital lease cost of improvements to leased space.
- *Roads* – includes the capital costs for construction or major improvements of roads, highways and bridges.
- *Recoveries* – includes recoveries of less than \$50,000 received from government entities, other governments, and non-government organizations to fully or partially offset the cost of capital assets. Recoveries greater than \$50,000 are deferred and amortized over the useful life of the related asset.
